Handbook of visual experience: An exploration of symbols and their meanings throughout history
You can find no pat definitions of the kind that have a tendency to collapse a symbol; Each one of the c. The extremely readable texts and over 800 beautiful full-color images get together in a unique way to mention hidden dimensions of meaning. 350 essays examines confirmed symbol' a still vital symbol remains partially unknown, compels our attention and unfolds in fresh meanings and manifestations over time. Etymological roots, the play of opposites, paradox and shadow, the ways in which diverse cultures have involved a symbolic picture—all these factors are taken into consideration. Authored by authors from the fields of psychology, religion, art, literature, and comparative myth, the essays flow into each other in ways that mirror the psyche's unexpected convergences. The Publication of Symbols combines original and incisive essays about particular symbols with representative pictures from all elements of the world and all eras of history.s psychic background, and how it evokes psychic procedures and dynamics. Rather than merely categorize, The Publication of Symbols illuminates how exactly to move from the visual connection with a symbolic image in art, religion, existence, or dreams, to straight experiencing its personal and psychological resonance. The Reserve of Symbols sets new standards for thoughtful exploration of symbols and their meanings, and can appeal to an array of readers: artists, designers, dreamers and fantasy interpreters, psychotherapists, self-helpers, gamers, comic book readers, religious and spiritual searchers, writers, students, and anyone curious about the energy of archetypal images.
