Different subjects enhance the satisfaction. I guess that these books somehow acknowledge the difference. She could actually see the terms! After she finished all of Sam's Word Search books, I purchased her five additional "Extra Large" and "Jumbo" printing books by various other authors. What a disappointment they turned out to be! The print in the competitors' Phrase Search books is only about half the size of the print in Sam's IMMENSE Print books. Perfect for people with AMD. Easy to Read My senior mother loves these particular group of phrase search books --- easy to understand, challenging, and she likes the answers listed on the next page rather than in the back. My mom helps to keep saying that while she might have really awful eyesight that does not produce her a dumb person. Print is ideal. Really is extra large print! Hopefully, even more volumes of Sam's Extra Large Print Word Search Video games books are coming soon. Five Stars Great product great grid and words large clear grid and terms to find - this one lived up to promise great challenging diagonals. After my mother worked well through the first four books of the series very quickly, really coping well with the large print and the rather challenging vocabulary, I am Thus GLAD that the author is putting more books out! These are the best Have got enjoyed all five of these These are the best Have got enjoyed all five of them. My mom had so very much fun completing the Word Search puzzles in all five volumes of the series.
