At the ancient court, men and women as well scented their kimono, their rooms, and even their composing paper with signature blends of incense that admirers had been sure to say later in their like poems. Incense includes a long background in Japan. With the current reputation of aromatherapy and additional uses of scent for rest and pleasure, this brand-new trade paperback edition of The Reserve of Incense comes at a most opportune time. The Book of Incense may be the first book obtainable in English that focuses on the incense traditions of Japan including different substances, blending blends and sampling different mixtures, traditional literary games including incense Koh-do, the incense ceremony still performed today. Even today, Japanese incense is highly regarded because of its subtlety and beauty. It is must reading for anyone who wants to gain a fresh awareness of the importance of scent, and learn how to make optimal usage of the sense of smell inside our everyday lives.

Easy to read That is a book for the individual who is truly interested in japan incense ceremony, and this is of the various censes. The Tale of Genji is certainly central to the ceremony; It is an older book so it covers most of the old Japanese methods which I love and discover interesting.I bought this book as something special for an extremely dear Japanese lady who has begun doing work for the big incense organization Shoyei-do, within Kyoto. She will meet many foreigners within her job. She'll need to know how to solution their countless queries. This reserve will go a long way towards helping her. Incense Great Five Stars Great book An excellent introduction to anyone who is thinking about Incense. quite pleasurable for anyone. Easy to read;. Good book to read if your traveling to Japan as incense is indeed much a part of Japanese lifestyle and history. How big is the box helps it be an ideal summer reading. I must say i liked this book I must say i liked this book. It also has good references and beginning pointsfor further research into the subject matter. the reader will get plenty of details upon this, and why it really is so. Five Stars Fast delivery and superb value The book of incence Interesting little book.W photographs illustrating the Art Of Incense and its introduction to Japan. for japanese tradition lovers What a wonderful book, i just finish reading it today, is nice, i lived in Japan for a long time, and most of my time in Tokyo, when i go to the temples or places, just makes me think about all this while i'm reading recommended 100% Quality Item. Must read for those who love fragrance. great insights into background and art of Book while described, great insights into background and art of incense GREAT BOOK ! Summary of Kodo art at its best Very informative book approximately ancient art of Kodo and how to benefit from the fragrance in Japanese custom.. Nice layout with color and B& A high-quality product delivered promptly. Item met all expectations.
