

108 JAPANESE TATTOO SLEEVE DESIGNS  
BY YUSHI 'HORIKICHI' TAKEI

Takei

# Garyou Tensei: 108 Japanese Tattoo Sleeve Designs by Yushi 'Horikichi' Takei

[continue reading](#)

All of the designs in this quantity are by the youthful tattoo artist Yushi 'Horikichi' Takei. All of the copies are signed by the artist. This publication contains a series of 108 hand-painted, traditional Japanese kama, Japanese short-sleeve tattoo styles applied to the top left and right arms. Garyou Tensei identifies the ultimate dot of ink that the Japanese believe provides life to a drawing; for a dragon, the completing contact is its eye.

A good addition to my art book collection... Great book This book is ideal for people who are interested in Japan, Japanese art and tattoo art. wonderful reserve must-possess for Japanese tattoo art collector. Family members crest on front cover Did not just like the publication because its content is repetitive, not learned anything with it, the artist produced a brilliant cover with in Did not like the publication because its content is repetitive, not learned anything with it, the artist produced a super cover with inner orrivel, no reference to tattoo. you would like to learn the tales behind Japanese tattoosif you would like to learn the fundamentals of design for Japanese tattoosif you love beautifully painted tattoo related imageryhoweverIf you are expecting a tattoo apprenticeship or freeor just want to be lazy and plagiarize a couple of function then thisis not the reserve for you Garyou Tensei tattoo art book by Yushi Takei Amazing artwork, amazing artist, great traditional art pieces and stories are told through the artwork. Big book with color pages, great to make use of as a reference for a tattoo. I recommend it.This book is amazing if.
