Very fun - great gift idea for a variety of folks! It really is funny and practical. Hehe! I gave it five superstars because it is exactly what it says it really is, and I am very satisfied in it. True to life scenarios, that most likely you will never use, but I'm sure you'll be happy you read it, In the event. I gave a couple copies away at Xmas this year (to the males in my family) and Individuals were pawing at it prior to the night's end, attempting to learn the most efficient ways to survive this matter called life.. Bought for my little cousins. when you will be stuck out on your personal in the African bush or someplace similar. ; I would recommend!) Really - a great gift for somebody you may not know as well well, and a great present for the youthful bunch in your own family. I really like it when I can find something for everybody I love it when I could find something for everybody, this book was the gift for all of the guys about my Christmas list one year well over ten years ago and everyone loved it! I love nonfiction books like this and this did not disappoint. He wants the survival shows as well as Mythbusters. To compare how this book says to perform a maneuver and how they are executed on Television or in a movie is interesting. I bought it for a higher college grad and can't wait around to gift it! Great gift for my boy I bought this publication for my boy for Christmas. Uncle who is a survivalist will definitely enjoy this book. All the men consider themselves section of a club based on their copy :) Hilarious and Informative This book is hilarious and just academic enough to actually provide useful information to an incoming (or current) college student. This book is right up his alley. He has showed me many methods he learned from it. He lately got it camping with him. It is a good fun book to get children reading who might not otherwise pick up a book, nonetheless it is also interesting to me. I enjoy studying it as well. I think it would work very well for a gift for folks of all age groups. If you've ever wanted to know the best way to escape quick sand, you'll finally know after reading this book. Great worth and great gift. Very cool book Great publication and fun to learn, or just skim through it. For the reason that feeling it gets your heart pumping just a little as you visualize yourself in these circumstances. It's comical sometimes, frank at others, and throughout light reading. Gift for sibling So i got this for my buddy, he was the what if child, for his birthday as a serious/gag gift and he loved it. He laughed at first but after that realized it had been going to be considered a good book to read and kept it. I might order one for myself. entertaining and informative I ordered this reserve for my Kindle after having seen it around for a long time. Actually, my brothers, uncles, and cousins quote everything the period and it's such a fun reference that when somebody turns into 'part of the group' or 'part of the family members' or 'of age' they get a copy as a Christmas present, it has become a very funny, tongue-in-cheek right of passage. As you read you can observe how Man vs. Good illustrations and apparent directions. I came across it a little dry for the reason that regard. As I go through it I wondered whether, if confronted with these circumstances, I'd be able to keep in mind and apply what the reserve describes. It makes a great gift too. I believe this is a great gift reserve for a guy; Great book! Great for A LOT OF THINGS - Including fun I must say - I acquired a big kick out of the reserve. A must-have for all the men in your life. Even if I never use the guidelines in the book, it will be worth the amount of money I payed for the laughs I got. Additionally it is very interesting. Most of the situations are those you might expect to discover in your typical action movie. It offers advice, along with images, on everything on how best to make t-shirt drapes to writing a last minute paper. If you are an outdoorsman, a computer scientist, a homemaker, or someone who knows how to read and includes a sense of humor, I would recommend this publication as something to at least skim over sometime. "Must possess" for survivalists with a feeling of humor! Very informative in addition to funny! He is 10 and his preferred TV show is the Deadliest Warrior. Wild derived from it, even though book could make use of a bit more levity;

not terribly expensive, an easy read, entertaining.. I treasured these books when I was small and I'm sure they will too! Great book This is an excellent book. This book is great for kids since it has a lot of fun pictures to opt for the topics, and it's great for adults because it has lots of fun pictures to opt for the topics. While I don't question its credibility (the authors name all of their sources (experts in their respective areas) in the rear of the reserve) I had trouble not laughing at a number of the instructions. Five Stars my teenage son got a kick out of it Five Stars Cool book Four Stars Very good book to have,Very helpful Amazon has the best price Amazon has the best deal because of this publication. Gave it as a Christmas gift to my friend's fiance. Though, I believe anyone could be interested in this, as survival is really important and interesting. Very useful and cool book.
