Glad We ordered it! Task Galore Tasks Galore (Early Education or Beginning Steps)We am a Special Education Teacher. This publication will be very useful in training my child to be more independent and self-sufficient. Thank you very much for such a marvelous book! Signed, a grateful parent of a wonderful autistic child. :) Resource Teacher Extatic I bought this reserve for my daughter-in-law who is a Resource Instructor in California. She adores her work and really wants to help those who come to her space each day. Thanks so very much for the real world. With the book she's gotten some tips on how to "teach" children who have different types of learning disabilities. I could not need gotten her anything else that could have pleased her more. Awesome help with a Teen! The structure provides helped her stay organized also to gain independence in doing regular household activities.LCBHouston Tasks Galore for Real World Excellent, an easy task to make, practical ideas to teach functional lifestyle skills to those that learn greatest through structure and visula cues. The photos are clear and instructions so useful! She says she will not desire to be their baby-sitter, she really wants to be their teacher.50. This book was recommended by my daughter's teacher as an aid to greatly help her with daily tasks and chores around the house. I very own both these books plus they are wonderful. Nevertheless, watch out for price, the books should sell for only \$42. We parents actually needed this type of help! This book has been so very useful in getting my home structured for my teen daughter who has autism.
