mixed.. In Autism and the God Connection, William Stillman presented extraordinary accounts of spiritual giftedness in autistic kids and adults, persons frequently deemed intellectually inferior. More children will be identified as having autism this year than with AIDS, diabetes, and cancer.. We've much to learn from our autistic friends about transcendence rising, a new humanity accessible for all. The trick component that makes autistic telepathy easy for us all, and how we can learn to utilize it. How specific autistics communicate with animals and how what the animals say is pertinent to ordinary people. How anyone can utilize the multi-sensory giftedness possessed by many autistic children and adults. Today, in The Soul of Autism, Stillman displays: Why the unaccountable and dramatic rise in autism--with no single known cause--is a necessary part of our spiritual evolution. The Soul of Autism, a Nautilus Book Award winner, illuminates the way.

I am an adult with autism and for so many years I felt so near God in a manner that it is normally hard for me to explain especially to people who believe I am only a "fruitcake". I feel truly blessed that I bought this reserve while my child continues to be developing. William Stillman gets the gift of presenting the complete picture of the individual who is experiencing life on the autism spectrum. I came to see my students as 'awe'-tistic plus they are truly are a few of the most amazing people on the planet today! One of the phrases William Stillman provides used, and that stays with me is, "The World Hurts". No one knows this more than a person with autism spectrum. continues to be struggling to speak verbally...disorder? We've, in the last 6 years recognized there is indeed something unique about her "soul". Four Stars Ok did give me personally some info that. yes most are physically impaired as well, but in getting past this it becomes ever more apparent these people just start to see the world in different ways.. possess what I think of right now as gifys.1 is 'Autism and the God Connection' no. Stillman. I am on board with the theory that this is a new wave of children coming here to greatly help those 'normal' people how to shift within their limiting perceptions and beliefs and see the big picture. This publication had to be created, and I am happy I came across it. Also parents of kids with autism should browse the SOUL OF AUTISM so they will see deeper into their autistic child.FURTHERMORE, as noted in this series of books, autism spectrum (disorder) is on the rise. A deeper understanding and tolerance is exposed as Mr. My discovery with most of the learners I have worked with is that their perception of the world is a lot vaster, they're more aware of the subtle dimensions, frequencies, currents that no one can see however they often feel. His reserve is quite heartwarming as he reminds us that we should "presume Intellect" in every we meet. The stories shared have made me appreciate the uniqueness of every person. We all have special gifts, and some of us take a little more work to communicate this to others. More Autism Please Bill Stillman knows what it is prefer to have autism so when he writes in his publication on what the world needs even more autism he is so absolutely ideal. We are seeing more folks on the Autism spectrum; There is something even more to autism than just it's little quirks.We highly recommend this book to all. Look at this world and all the evil that it keeps. It has shaped my attitude towards this "illness" for the better and I am extremely grateful to took the time to read it. In this publication THE SOUL OF AUTISM you will read the truth about autism.The Publication That Needed To be Written. Many people don't like to hear "the spiritual chat" it is either because they are afraid or they don't think it is "great." When I was a kid I would rock in my little rocking seat holding a couple of Rosary Beads praying to all my dead relatives, also the ones I never met, so when doing this I would be facing the window finding out about at the sky. and I feel that if we have been reminded that everyone senses and perceives the globe around them in different ways, we can better understand them. I discover comfort in reading Expenses Stillman's books and I think that adults with autism and adults who may believe they're different should examine this book. Many thanks Mr. I praise you Mr. Stillman for having the courage to speak out and letting the world understand that people who have autism have a great message to send.
