AWESOME, MUST-HAVE RESOURCE This is actually the 3rd edition of the book that I've had. It is a fantastic resource for information about many medical conditions, as well as nutritional advice for recovery and/or alleviating symptoms. The main issue has stabilized for many years--once I was informed it had been somewhat improved and "that has hardly ever happened before. Actually explains conventional medical treatment(s) and whether or not these treatments are successful and any side effects or detrimental outcomes of these. It also provides information about the advantages of all vitamins, symptoms of deficiency and information regarding many many herbs and health supplements. The only book that is superior to this one may be the Holy Bible!" (Ariel I. I refer to it constantly. This has been revised and out for many years. I HIGHLY recommend this book to everyone, and have recommended it to family and friends for years. They are like the go to "bible" for natural healing. ~ The information in this publication SAVED the life of an excellent friend of ours! That is rather common among folks of western European ancestry. We hadn't been aware of such a problem until this happened. The doctors told us to get ready for their death. I had general understanding that your liver may regenerate and didn't want to stop hope. So I visited my local hippy health grocery which I frequented on occasion and spoke to the dog owner. He opened his hippy shop bible (this publication) and showed me the things it would take to help purge the poisons and restore the liver. I had the doctor discharge her into my treatment to come home to die! We weren't required to write a review but chose to do so. It wasn't easy and it took time HOWEVER she walked into her next doctors apptment and lived nearly 2 decades much longer (she recently passed on of another ailment). The doctors were astonished. Curing the body is not what medications perform. They love! What's the body missing? What is the catalysis that the problem stemmed from to begin with? I take advantage of this incessantly, it is a book of true wish & As described- this was an older edition and doesn't contain seeing that much data as a number of the newer editions but is still a great reference and great worth! Big Pharma is normally a bandaid All the method back in 1999 a 51 yo relative lay dying of liver failing due to the so known as Celtic Curse/Hemochromatosis. ~ Comprehensive book that covers a variety of topics, this book should be atlanta divorce attorneys home. You never know when you may want to "call" onto it! Just over this past year, a good friend of ours halted by stating that his wife was very sick having been diagnosed with cirrhosis of the liver. (She was nor is normally a drinker.) He had not been expecting her to be upon this earth for much longer. At that time someone had lent us a mature version of this book for another circumstance. My go to for any illnesses or concerns My gift to all graduates! no hope; 12 years back. we started to see her wellness improve. She acquired got that she cannot walk, was extremely thin and yes, looked like loss of life was on her behalf doorstep. Today, she actually is not 100% healed and unlikely to ever become so BUT she actually is going for walks, she has placed on weight and more importantly is still quite definitely alive.. doctors cheer me on. Pages and pages of information and helpful advice to set you back again on your feet towards a healthy life. My D. We began the hippy regiment instantly! I decided to keep coming back and write a review of this book 6 years later because the book was sitting down next to me as We type and We figured you will want to? I have owned a number of these editions of this book. I usually wear them out! Which new edition is even better than the previous ones! Amazing information. I highlight mine and turn to it all the time for basic ailments to arthritis to whatever. as advertised Very informative In the digital age, this is one excellent actual reserve to have in the hands for reference! THE ONLY REAL Help for Serious, Chronic Disease--As Well as How exactly to Stay Healthier This group of books has been my mainstay for years--since I was diagnosed with what they then referred to as terminal, with no known treatment. I used it to research every component of my illness, then began a program of supplements geared to each. My medical diagnosis? As she started to stick to the directions of what not to eat etc. Diagnosis: A wasting disease; no help; That information actually SAVED her life! It is possible to tell the book can be used, it actually came with a really old dietary pamphlet inside. Hooray for "Prescription for Nutritional Healing. One of the combined three diagnosed complications has totally disappeared--which I was informed doesn't happen (a drug-resistant bacterium gone). Very thorough explanations of each condition including cause(s), symptoms and what you can expect as the condition progresses and prognosis." I buy this publication for my kids and grandchildren, and all of the friends who don't appearance askance at me personally for sticking with non-doctor-approved healthcare. We purchased this publication used. O. Your money can buy this publication is PRICELESS! Yes, 12 years ago. I will NEVER end up being without this superior reference, as evidenced by my purchases of every new edition.) Long well-known

updated revised resource covering very much info ! When doctors cannot assist you to and you have no where else to turn, or perhaps you just want to heal yourself normally, this book is amazing!! Excellent reference book on many treatments that have proven positive effects on your body, diseases and different deficiencies, vitamins you can try. Just try a very important factor is recommended at a time and that means you know if it helps. If One tries a whole lot at once then one helps or harms its challenging to know what that(s) to eliminate will be. There are so many references out there. And the very best health food store in Denver includes a duplicate of it on a podium for use by customers and staff. It tells therapeutic dosages. Read carefully. Be up to date overall chapter since it lists why you execute a certain point or like at the end may describe a contraindication, something , grounds one may not mix x with z. Good deal! Reputable reference! Has all proteins, herbs,vitamin supplements, what they perform, foods that have them, where you might get , etc..When asked approximately helping another person with a different analysis we figured it was time and energy to purchase this publication for ourselves. Must have Plenty of info... Great book Great gift ! After our friend remaining we immediately appeared up what this reserve had to state and got the information to our dying friend. Thanks, Liz an absolute must have reference publication! The caution and treatment this publication guides us to is where true healing may appear. She experienced a nurse arriving at the house and was being interveinously hydrated etc.! So we all need to be mindful and read properly. I'm glad We made this purchase. future is rapid degeneration. non-e of the web pages are pet eared, and there's a very small quantity of underline (but it's useful) Great buy Great resource Useful details. Organized in such an an easy task to follow format with eating patterns that would be best for certain ailments, what herbal products to consider, what natural methods to use. Best book Most in depth book I ever seen best reserve healing knowledge Good seller! healing. I have nothing negative to say about this book.
