, and P. You can easily read and well-arranged. The concepts include: 1. Think of active hearing as a contribution to the "emotional bank account" of the various other, which takes time and work. model is based on respect for the needs of the individual (e. It not only makes .2. Expressing "I-communications" or assertiveness. Non-aggressively interacting to others what they are doing, and how it affects you negatively, leaving it to them to do something to avoid hurting you. After that write a couple of pages in your journal describing your interpretation of it. Problem-solving, when you and someone else(s) are both having a issue with one another. Shows the steps had a need to reach a win-win solution. I used this book in developmental and humanistic psychology programs so that learners understood some important conversation techniques used in therapy, parenting, classrooms and business configurations. The author's function in this field, and his instructor Carl Rogers, had been both nominated for the Nobel Peace Prize. E.E. To avoid the normal mistake of trying to intellectualize and assimilate the techniques covered in T. From a certified Instructor. T. the essence of the Gordon Model is certainly applied to the classroom. As a previous high school math instructor in the 21st hundred years, I realized that college students "volunteer" active participation in the classroom. When we treat learners as "things" to be manipulated and controlled via an authoritarian paradigm, they rebel against us. The T.E.T. A lot of people never get anyone to really pay attention to them, that if you do this well, they'll be delighted. g. - your students and yourself), in the same sense because the respect you show for a fellow adult friend. How would you address a close personal friend when his activities cause your needs never to be fulfilled? Would you try discipline? Show anger? Give away consequences? In T.E.T., I strongly suggest reading the Gordon Credo. T.FIRST. 3. Listening actively and reflectively, concentrating on what your partner is really trying to tell you, and indicating your are listening to them. In the event that you students really KNOW through your actions that you look after them, will they look after you? THEN, and only then read the publication. After reading the publication, the easiest method to really understand and apply the material is to join a T.E.. David Day, T. Four Stars Interesting read. Still the Best It's a classic - in the end these years, even now the best in it's field for teaching conversation skills Put kids first. class in where you live. E.T. The Gordon Model in the Classroom. T, Y. Popular, easy to read, excellent book on important communication techniques Although this is written for a classroom teacher by the examples that are used, it could be used by anyone who would like to improve their communication techniques. E.T. It not only makes parenting easier nonetheless it makes life less difficult because the theories I learned in PET apply to how I deal with and speak to everyone in my existence. Gordon but this was the initial one I go through and taken notice of. It offers some basic interpersonal skills, two actually. Trying to explain to someone else when and why I am upset and hearing with all my hearing capacity to someone else who is upset. Everyone should read this book. Everyone should go through this publication. Its not so hard to do if you adhere to the explanations in this publication... It really is simple, basic and incredibly helpful for anybody who wants to go along better with others. certified trainer, Huntington Beach, CA Changed my life, work and parenting There are many books for parents, teachers and women by Dr. Check the reference section. Great ideas about how to put kids first. Five Stars Good ideas! Five Stars It's a good read. To read the credo, use your internet search engine for teen encounters.
