Just one single simple example: In my own old cosmo publication it said that our hair cutting shears were NOT shears, but scissors and that it was "incorrect" to call them shears. Fantastic I went to beauty college in the 1980s and this book is a far cry from the dry sparsely illustrated text message that we had back then. Well, that could *technically* be true, but out in the beauty world they are basically called "shears". I pointed out that this new Milady book does not bother with information that is clearly irrelevant to the sector. I mean, how would it not sound if you went around telling everyone that their shears were not actually shears but scissors? In case you are attending cosmetology school, I'd Highly recommend buying this Ebook to help you study rather than carrying around the 10Lb text book around. my haircuts are more professional looking. I ordered this publication as something special to my lady who lives in Jamaica. There are several adjustments since I was in beauty college, but I am self-confident that this book can help me to acquire the knowledge I have to pass my state board exam again. it had been in great form and perfect I ordered the publication as needed for a cosmetology course and opened it to have writing inside... Nonsense.! An absolute must have in the event that you own an iPad! SATISFIED CUSTOMER SATISFIED CUSTOMER, THE PRODUCT WAS DELIVERED NEEDLESSLY TO SAY. Five Stars Perfect condition NO HASSLE ONLY A VERY EASY Deal. THANK YOU. Lots of information I purchased this book to boost my haircutting skills for my family. It works !It goes into detail with trimming and other techniques, the photos and explanations are great. Valuable book for any level of skills your needing to cut hair. I would Highly recommend buying this Ebook to assist you study instead of . Other than the big bold name inside, it was in great form and perfect! Just simply because I expected.) Five Stars Very great quality and you also do have school everyday Five Stars i like this version better-visually it increases results for me Five Stars Great Just what I needed Perfect to study and pass the state exam! Highest rated Anyone whos by using this textbook along with all of the online tools and various other theory workbooks etc can be obtaining the best cosmetology education anywhere! That is beautifully illustrated, photographs abound, its one of the heaviest books I've ever picked up! Four Stars as described A great gift. I am studying to retake my state board test (I passed it in the past when and I recently allowed my license to lapse) and this publication will be very useful. She's studying cosmetology and was verry happy with the book. Happy ; Perfctet for school I purchased these for school plus they worked perfectly fine. WOULD PURCHASE AGAIN.
