Inked"Having a tattoo is now thoroughly mainstream - but getting it done continues to be scary for most regular folks. draw huge audiences? Just how much does it cost? Millions of people of most ages get inked each year? Is it secure? Professional advice from a high-profile professional? Includes 30 unique designs, exclusive to this book? Includes 8-page full-color put in? Written for the novice and aficionado as well, this book walks the reader through every step of the process: making the big decision, handling the physical event, and lastly, taking proper care of your own personal work of art.Tattoo shops have sprung up just about everywhere to meet this growing demand, and wire shows such as for example "Miami Ink" and "Got ink? Will it hurt?

Super informative. Super informative and awesome! Five Stars Great gift for a friend of mine who got her first tattoo at 70 years. Also an operating index would be nice, not a simple "list" with no linking capability. Great deal. I found this book so superior to having to make an online search, or what I've been able to collect from the tattoo shops where I am. Nice book, not nice kindle ebook It certainly accomplishes what its writer sets as his objective: explaining the hows, whats and whys on the subject of tattoo styles, methods, procedures etc and forth.I only wish it had even more pictures, and COLOUR folks!! Happy to share my new understanding. Good book very informative book, was in new condition. Good information Very informative. Four Stars was what I expected Excellent Resource This is a very thorough and well-researched introduction to tattoos. In case you are taking into consideration your initial tattoo or desire to be a little better educated before you select your next tattoo, I recommend this book! Great reserve for if your thinking about getting any ink performed. I feel a lot more calm and confident about beginning the tattoo process. Must read Personally i think fully informed about Tattoos now therefore i can make an informed decision approximately who, what and where I will be doing a tattoo.
