t know the place to start when it comes to choosing a power shaver. Unfortunately, I couldn't With so many electric shavers on the market, it could get really confusing and frustrating to find the right one, so in retrospect I created this full buying information. A couple of years ago, I was in that exact placement. I was shaving with disposable blades, and almost every other shave I was getting razor burn. As my facial hair got thicker, the irritation got worse. So I decided to try an electric shaver and I went online browsing for reviews. There are a great number of people that really don't find any kind of useful information. Here is the desk of contents: Foil vs. Nobody was actually buying and tests the shavers. Therefore that's why I created my very own reviews, which ended up within this buying guide. You can get detailed written evaluations, along with full video demonstrations. Over the last few years I've bought and tested all the state of the art models and I wish to share all the testimonials with you. My objective is to help you find the proper shaver through individual product reviews, comparison reviews, and my own experience testing these products. This buying information is a resource which can help you first find out your beard thickness, and then recommends specific shavers. There are detailed reviews as well as links to complete video demonstrations. Recommended Electrical Shavers For Thick Beards Braun Series 7 Review Panasonic ES LV Review For Moderate Beards Braun Series 3 Review SensoTouch 3D Review For Light Beards How to Use a power Shaver Electric Shaver Tips Beard Trimmer Guide How to Trim a Beard Pre Shaves Final Words It's a really complete male grooming direct, and I hope you find it useful. I found tons of fake testimonials which just result in the online suppliers. Rotary Wet vs. Dry How Thick is Your Beard? Glean complete section on how to use an electric shaver to get the best results, in addition to a complete beard trimmer section. All of the best, Tyler Stokes

Thorough, face-about reviews of the very most popular electric shavers I am shaving mostly with an electric shaver for 35 years. I've tried a few of the older models of the shavers described in this information, but there is no method I would want to buy all of them merely to try them out. The writer did exactly that, and I really appreciated getting the latest details on the most recent models. The nice thing about any of it I shaved with a razor for a long time and then I needed a surgical procedure and I wasn't allowed to use a razor as I was taking bloodstream thinner. I made the decision that after 40 years, it was time to try an electric shaver. This publication helped immensely. The fellow who wrote it went and purchased all kinds of electric razors and wrote testimonials about all of them.. I only wish this book have been around when I first got into the electric picture. He also gives tips on shaving for those that are just starting out on an electric shaver. please. 5 years of shaving I came across myself in a genuine quandary needing to choose the right electric shaver for my skin and beard combination. money Before you buy a power razor, spend the 99 cents and READ THIS BOOK! Easy, easy read--quick & Bottom line, not only did I look for a great shaver for my dad, I bought one too. I'm 60 yrs . old and also have been using electric razors for close to 40 years. The great thing about it, he does suggest certain razors and I bought one he suggested and I couldn't end up being happier with it. Three Stars I bought one Greatest help ever !.. And for the first time in my life, I now know very well what kind of beard I must say i have and that led to my buy of a Panasonic Arc 4 that is the best shave I've ever endured in my life! I'd highly recommend this guide ahead of any purchase..would have saved me some costly mistakes.. I recommend! You won't be sorry. Smart Advice, Smart Investment After years of hit and miss electric shaver purchases, this guide is long overdue. It not only took the mystery out of choosing a shaver, it also provided sound rationale as to which shaver to select for my beard type and equally important shaving habits. this guy is THE authority actually, you cant find anyone who writes/reviews shaving gear mainly because comprehensively as Tyler. Browse this book first..one of the best investments you may make. Thanks Tyler congrats! So I bought it. The other guy was right. It's well worth it. It explains the difference in beards and has great reviews of different varieties of shavers. Actually, through this guy's critiques, I ended up NOT buying the most expensive, bells-and-whistles model.. Does what it should It isn't like it's an excellent work of literature, however the information was worthy of the price.. Actually helpfull and make me save a lot of money for sure . He offered me the proper information to produce a really well informed purchase. Very comprehensive discussion about each one. Pro !! And then I found Tyler's website, with hands-on researched video demonstrations of all of the popular shavers, reasonable pros and cons for using each shaver predicated on individual beard types and choices, together with his own suggestions. It helped me a lot with my recent purchase of the Braun 7865cc. Apart from the evaluations, the guide covers a lot of topics: rotary vs foil, determining your hair type, and many other tips. Finding your self with irritation and shaver burns? After 5. Saved me time & Highly Recommend As A POWER Shaver Resource This is an essential resource in case you are in the market for or are thinking about the purchase of an electric shaver.! Great, thorough guide I purchased this after another person about Amazon said that it told him the necessary information he needed to know to buy the right shaver. So I go about looking for him the very best shaver out there About a year ago, I wanted a power shaver for my father who was simply hospitalized and was unable to do the shopping for himself. He'd been a Norelco rotary shaver user for years and was looking for a change. So I set about looking for him the best shaver on the market. A brief Google search led me to different online shaver suppliers and their sales pitches. Informative, unbiased, educational Found Tyler's guide via a recommendation from Wirecutter. On top of that, he's

compiled all of that information in this great, comprehensive guide. directly to the point, with enough info to make an informed decision predicated on That person, NOT reviews. Exceptional Shaving His way of deeply elaborating what we men most value A Great Shave ! Ha, ha! Thanks TYLER. . Before you may spend upwards of \$100 to \$200 for an electric razor that you intend to last for years, spend a couple of bucks on this guide. for two reasons, i had a need to learn a lot — fast — about shavers and Tyler’s information was the best. Tyler does an excellent job helping you analyze and articulate your needs prior to matching them to the correct shaver. From critiques of shavers to tips on with them and their components, it is quite informative.
