. After reading it I am floored by the courage it had taken to create it so honestly. The story is easy and heart-breaking, yet it is truthful, beneficial and thought provoking. Why Did I Lose My Son? Thank you Teleah Scott-Williams for sharing your tale. God inspired true story. Very Interesting Testimony Took me just one day to read this book through. I especially loved the journal entries. "Next time existence throws you a lemon, don't toss it back and don't make lemonade. Peel it, squeeze it, eat it. Mrs. I am so pleased you decided to share with us. Teleah will not allow her son's loss of life be in vain. Heart-wrenching yet informative I was moved to learn this book because of the fact that the writer is one of my senior high school friends.. Great emotional trip! It's a trip that some will have to ingest this life. This publication is especially for individuals who are selected to walk this route. Reading her books is like taking a journey through the bowels of hell and ..! I have had the satisfaction to meet and know this Mother. It is very brave of her to create this book and the additional books that followed. Many thanks for sharing your tale and understanding with others. Sudden cardiac loss of life is happening to your young sports athletes, it's a silent killer & Scott allowed herself to experience the pain, anguish and regret of shedding her sixteen season old child. I am deploying it as a reference when speaking with those who are grieving. Once Mrs. She's found joy and happiness by knowing that Tim offers graduated from becoming her son to getting her angel. Sudden cardiac loss of life is normally a condition that will go undiagnosed. The queries, the doubts, the issues, the never ending process of adjusting." - Very traditional. Scott's religious conviction has helped her with her grief. Faith Teleah many thanks so much for posting your journey from tragedy. Scott gave herself authorization to grieve, she noticed that she had to honor her son's memory by educating others on what he died. Reading her books is like taking a trip through the bowels of hell and then returning from insanity in order to help others within their grief of dropping a loved one suddenly. Thank you Teleah for exposing this silent killer! Teleah, I find you struggling through these levels and I discover God's Overcoming Power released in your life. His Power helped you to Celebrate Timothy's existence and triggered you to go to work helping others. for allowing the world to opt for her upon this journey of recovery and to learn from this tragic event. God Bless You! we need to get our kids tested. Awesome examine! I am honored to state I know you. That is a heart warming publication that will assist anyone who is grieving the unexpected death of their teenage son or daughter. Initially Teleah experienced that she cannot cry and show her feelings. Her faith offers helped feel the pain and tension. What has come from your tragedy can be blessings to others . Your research and foundation helps you to save so many lives. It was VERY psychological. May God continue steadily to bless you and your family. Awesome and Touching Go through! I actually thoroughly enjoyed this reserve, it had been both informative and educational and it took us into the world of Teleah, her grieving phases and how she dealt with it, along with her family. Great read!!! Silent Killer Teleah Scott's book 'Free to Grieve' is a heart felt, informative & You are likely to save lives! I can't imagine losing a kid & the center ache that is included with it but I commend Teleah Scott for baring her heart, her soul & I applaud you my sister! A Mother's Love Mrs. A must read! In order to spread awareness we need to expose it! Moving and Informative Grief has phases and even though it is a healthy course, each is thus devastating that it controls us and sometimes may lock us set for too much time causing us to become unproductive..! The writer gifted me this book. I have to say I couldn't put this down. It had been emotional trip through her eyes and it truly transferred me inside. I thank her for posting this around. It helps most of us comprehend a reduction and how one girl grieves. This is a very necessary book to have. The book isn't long and will be a great read for anyone who has

experienced reduction, teenagers who play sports and anyone else that is interested in "medical mysteries". Free To Grieve - A Mother's Memoir In Black & White is a short story about the pain Teleah Scott sensed when she dropped her son to cardiac failing. As I was reading, I couldn't help but consider my father who I lost last year because of congestive heart failure. However in the case of Teleah, her son was active in sports (primarily soccer), which played a huge roll in her son's heart problems. Teleah shares the queries she had when she discovered she lost her son, and she proceeded to go from tears of sorrow to being able to live once again. This book is certainly an ideal read for mothers who've children who are energetic in sports (primarily sports that can cause major accidental injuries). Stand with Teleah as she issues the medical occupation to raised assess children when they are going to undertake a sport that can cause serious health problems. I read this publication in less than one hour and I applaud Teleah in her posting her story.
