Didn't deliver on dark circles (for me).. But why it really is only worth a 3 celebrities for me? I've seen myriad experts off/on all my entire life about my dark circles under my eye which are often due to allergies. Don't get me wrong, I've tried every remedy away there - top quality and organic and made my very own and nothing has worked, which confirms what all of the professionals pretty much explained. This publication didn't have much on dark circles (I go through it 2x and found 1 short paragraph) but it was a wealth of information on eyesight care in general, and gave excellent tips and herbs that really do work for general care regarding the delicate epidermis around your eyes. I got this free of charge and would not purchase it because I was particularly looking for something fresh or that I had not tried yet for dark circles and missed it. So, my advise is always to use your own judgement while reading this book or better yet google or get some sort of guideline on toxic substances for the skin.99 (cents) if you are searching for a few education about your skin around your eyes and how to treat those conditions, especially if you have limited or no knowledge on that area. it's an excellent book, but.. It's because it demands editing and when in the section on attention care for girls I browse that vision gel for young girls could/should include soothing propylene glycol I almost lost my my mind. This is pretty informative book on how to care for your eye area naturally, it has lots of great advice... For years I experienced dark circles under my eye. Impeccable, right? But it is well worth \$0. Also I really do not agree with an eyes peel she is advertising. According to testing he took, it isn't because of a liver condition, but a pigmentation because of lengthy years spent in the sun without safety. For me personally though I am as well busy or possibly just as well lazy to go through all of the different techniques in the reserve. This book had some excellent information in it.
