This head to Salon Bible makes planing a true joy. #fivestars Salon 411! I can't believe the wealth of information What a great book!It had been good to read it just to see what I was missing . I treasured your "five-point design program" in chapter 16, it gave me an excellent assessment of what I have to do to remodel my salon.!! This publication is quite informative. I start cosmetology school October 6th and have always imagined owning my very own salon. If you are looking ,today, in the near or far future, to open up, build and/or design your own salon I'd definitely recommend reading this book. I understand for a fact that I'd have made therefore many "costly mistakes" as an initial time salon owner. Though I am not interested in building my own salon, I am thinking about possibly doing so later on, and I have friends who are building now that I'll suggest this reserve to...there's logic behind these things and this book definitely puts it ALL into perspective. The Five-Point Salon Style makes so much feeling. I had a few DUH moments. Helpful information that will cause you to a success This is the "WILL NEED TO HAVE" business tool for anyone who is looking to create a successful salon business with quality professionals and clients that will keep coming back! Great Resource! I actually took a notebook out and began to take notes. You can use the ones provided or build from them and customize them to your needs. Books to raised help set me up for success. WOW! I love the testimonials, blueprints and photos of beautifully designed salons which are one of them book (of course the information is quite valuable aswell).This " bible" is an excellent resource and has relevant information to obtain your salon set right from the ground up and no one wouldn't even suspect that you have among the best advice out there.If you're interested and driven to get a successful and profitable salon that may ensure you could be confident and pleased with.. It seems that you men have some books out, and it looks like you have all areas of my sector covered.This is actually the book for you. a true success plan Elaine Maitland that is a must have gift if wisdom for a truly successful salon. Very exclusive.Definitely Worth It to Purchase! Many thanks for an outrageous masterpiece of design. God Bless Great read! So far, it's so helpful. Well worth your time reading. It offers me inspiration to save lots of and plan ahead for the future. This book is an extremely great resource for all those interested in building a salon. There is so much details into developing a salon rather than just buying stuff and placing it any and all over the place, that is what I most likely would've done :). It is broken down within an interesting method with the five stage design system. Easy to read, clearly organized. A good example is using seats instead of couches and benches in waiting areas because strangers usually do not like sitting following to each other on the same set of furniture. This is very insightful and isn't something that I would have considered when planning a space.The floor plans provided in this book are also a great foundation for your salon. I'll definitely be purchasing other Ready, Set, Move! I have been in the salon business for 45 years and for the reason that period have owned 5 effective salons the hard method.Overall I believe this book is an excellent resource for those interested in constructing their very own salon, and even if you're not planning in doing so as of yet, it is fantastic to get an idea of how to go about doing so and how to get started on your journey! Five Stars Really useful book, not for Mexico at almost all, but definitely can help you. A must browse for beauty professionals-great assistance, vision, ... A must go through for beauty professionals-great advice ,vision, and assistance for cosmetology graduates, stylists, and salon owners.Do not open up a salon without scanning this Bible! This book didn't help me at all.. 14150www.tspabuffalo. Love your books! There are numerous helpful hints sprinkled throughout that may not really be something that immediately comes to mind when making a salon. Provides a step by stage way to open your very own salon, with assists to avoid the most common pitfalls. It's producing me realize items I didn't even consider. Great!! It's a great thing

to read for beginners:) It was good to read it just to see what I was ..Y.Peggy GrenauerThe Salon Professional Academy2309 Eggert RoadTonawanda,N. I've currently new the majority of this stuff .! Just what a great book!! I cannot believe the wealth of info. SPOILER ALERTS! You also had some nice floor plans with a very detailed breakdown of construction costs, extremely helpful and detailed!. Thanks a lot Eric and Jeff!com Worth a Read An informative and very clear guide.
