An excellent beginners guide This book was great very informative on all aspects of travel nursing. Can't wait to place all of it to apply. Excellent can't wait around to travel I found this book to end up being very informative. I am a new travel nurse, but not not used to nursing. Nice summary of the travel nursing business. Many thanks so much. Great information I traveled for 7 years within an RV, but settled straight down for awhile in a permanent staff position. Five Stars Great advice, well divided. What a gem! a good purchase.. Five Stars Great read! The reserve is a page turner .. Thank you. Just buy it. Great read This book was very informative and filled with an abundance of useful resources. Anise help me to get my travels well underway. I really enjoyed this book. Great book! Thanks for the awesome assistance. This book is filled with good information for newbies and experienced travelers. I was read each chapter with anticipation for my future endeavors. Very good source of information about how to succeed as a travel nurse. Great read. I worked mainly because a travel nurse for quite some time and am thinking about getting back to it. This was an excellent read. I feel that after reading this I am much more prepared for my first travel assignment. I am really looking towards traveling with my children and truly appreciate the time David has focused on helping current and potential travelers. Thanks again and I will definitely be contacting him for his advice not to mention that lucrative referral reward. Great book! A little dated tho.. The kindle addition is well worth the price. Very helpful information for the new (me) and experienced travel nurse! Just a little dated, but still good information. I completely enjoyed scanning this book and will apply many of its principles. This book is exactly as titled. a good purchase... informative. Very informative and well written! Book was very useful & It'll walk you through the procedure of becoming a travel nurse and keeping a travel nurse. Five Stars Great information for nurses. The reserve is a page turner even though it's about travel nursing. I really do suggest this publication to all nurses that travel or are thinking about to do so. Ready to hit the street again, I came across this publication to refresh my memory of some of the details I might have got forgotten. I was an initial time traveler and read this reserve to prepare I felt far better going into applying, pay out, and all that comes with traveling!
