Great Book on BODY Scrubs The only fault in this book was the spelling and length of time to keep it. Besides that, it has any facial and body scrub imaginable. Easy read and I appreciate how everything is sectioned out and bulleted.. No substances you can't spell. I buy cry few plus they are organic. Easy to do, too. Nice Publication but.. the one thing is missing ; is an explanation about the benefits ofertas each recepie Great Ideas This book has some simple yet effective scrub recipes. It's great to be able to make your own bath and body items that are healthful and rejuvenating to your skin layer. Four Stars Pretty good information. Very nice book.... Clearly written, with plenty of great scrubs included. I make most of my own. That is bonus, in itself.... Adorable Nice and simple recepies ,easy elements to find, fresh and delicious to put up. They are a lot more superior than everything you purchase. great book for organic recipes, however, not so much in case you are starting your very own business you can use organics beacuse they will spoil A great help For a person just getting started, the book is a great information to what is needed to make scrubs. However, a few of the scrubs perform not provide you with the benefits they have to the skin. whoops Meant to purchase this not borrow it . Overall, I was delighted and you will be using a lot of what's in this reserve... Loved the lend though.ho hum. Amazon is normally pretty cool when you come to think about it.
