Actually Interactive -- and Fun! My son and I really like this book! It's got simple, charming illustrations and self-explanatory text, so it's an easy task to physically follow along.. that our students have to be fit physically and to empower their brains.2 - Sometimes I gloss on the introductory remarks in kids books, however in this example, the introduction helped me better understand the rest of the book.Two quick points:1 - This book works especially well on my laptop -- on to the floor before us -- where we can read it and start to see the illustrations.The emu walking style is his favorite.Verdict: Fun, Engaging, and Good STRETCHES Teachers and Homeschooling parents will love this.E.- Neurodevelopmental Occupational Therapist Such a confident Book So cute! Great book Cute book with great pictures! Teaching to the "Exams" takes time from recess and P. As a retired teacher, I immediately found the benefits of this cute publication for elementary teachers and home-schooling parents.. My granddaughter liked scanning this with me. Very lovely, and lets very young children play along with the animals . I appreciated the link to more info on Sensory Processing Disorder.and far as an exotic adventure for most readers because the animals are native to Australia.exactly as described, plus a bunch of extra smiles. Not only will kids remember these animals, however the adults may also remember the knowledge of reading and interacting with the children and the book. Completely delightful.... :-) PERFECTION for Active Toddlers, Preschoolers &. Promoting active engagement insurance firms young ones hopping, crawling and scooting just like the animals in the cute illustrations, this book is PERFECT for "getting the wiggles away" for wee ones! Your littles will LOVE actively participating with Walk With Me!. Little Elementary Kiddos!. A very simple interactive easy learning book that gets the children involved with some extremely amazing and rare creatures. This book is quite cute and works not merely for sensory integration but just over all fun.all parents. Not too long, it definitely will keep my 2yr olds interest. Great interact, with frog moves. Simply Cute A fun and useful publication for young children.Enjoy your walks, down under.. I recommend the novel exercises within this cute book... Great title and a great book A wonderful exemplory case of a book that both entertains and involves the young reader. The illustrations are vibrant, fun, and clear to see.. Great book for kids to help focus Great book for children to help concentrate, reduce stress build muscular strength in a way kids like, having a great time . ... not merely for sensory integration but just over-all fun. I think it is works best on the PC . A simple interactive easy learning book that gets the kids involved with some .. Basic and short reading ideal for a bedtime tale. I find it is most effective on the Personal computer or iPad were you can head to 2 page view to discover both picture and phrases.
