As a cosmetologist and normal skin care recipe creator, I highly recommend Homemade Mommy's Beauty Essentials. Homemade Mommy Beauty Essentials is certainly such a wonderful resource for anyone who is interested in ditching toxic, chemical-laden, store-bought cosmetics. With this publication, making all of these items at home is simple and inexpensive! After exploring all the toxic ingredients that go into store-bought products like shampoo, soap, face creams and toothpaste I decided to go the natural route, but buying most of these things from the health food store could be expensive. You can save so much cash by making them at home and you understand that all the substances moving in them are totally natural. 35 great recipes for making your own beauty products. This book covers everything from diy foaming hand soap to non-toxic sunscreen to organic disinfectant spray and everything in-between. Awesome DIY Beauty Recipes! Transform your beauty routine Once I then found out about all the crazy chemicals they devote commercial beauty products, I figured it's safer just to make them myself. The dishes in this reserve are simple, and moreover, they do what they're supposed to do! I'm replacing from my lip balm to my mouthwash, from lotion and bug repellent to that expensive facial serum. For real. This is a Homemade Mommy revolution, your bathroom will never appearance the same! I really like that fact that this book helps me help to make anything I want at home without having to compromise my health with toxic cosmetics! the natural girls guide to homemade cosmetics. I have made several of them already and can make even more as I can choose the ingredients needed. Recipes Haven't had this reserve long enough to try any dishes. Also includes priceless basic information about EO that are found in the recipes. I love that the dishes are all really basic (but effective). Great for anyone new to essentials but also great quality recipes for those who are already familiar with essential oils. I would suggest this ebook to anyone who would like a good resource guide and a lot of new DIY beauty recipes. I'm so excited to possess this "cookbook" of DIY beauty recipes and have all the recipes handy in one place. Amazing Comprehensive Resource for DIY nontoxic Beauty Recipes! It provides all you need to begin a natural, customized skincare program that may keep your skin layer healthy and happy and save money. There were maybe 3 quality recipes that I can see worth it. Comprehensive DIY Beauty Treatment Book with Essential Oils I've been searching for a comprehensive reserve on DIY beauty care and do-it-yourself solutions which was IT. I really like that there are recipes for your family - from hair shampoo to facial clean to bug repellent - and it's really all natural. I could finally replace all my standard cleaners and products for cheaper - while keeping my children healthy. I love Homemade Mommy and all her DIY's she shares I love Homemade Mommy and all her DIY's she shares. I hope she will do another reserve with special recipes. Full of very helpful info. They don't require much extra time, and the ingredients are a breeze to find. Fantastic to get easy ways to remain

healthy. Now this is the book that prompted my additional orders!! I liked a instruction was provided to find items necessary for the dishes.!I've followed Homemade Mommy's blog for a while, so I understand that she really cares about sourcing the best ingredients and making probably the most effective and safe homemade cosmetics. I plan on making a number of these including the bug repellent gel, the pimples clean, and the foaming hands soap. I think these will release people from being put through sodium lauryl sulfate in body products including soaps, makeup, shaving cream, acne medicines, lotions. I assume I was expecting a lot more since I follow her and utilize the same Young Living natural oils as she does..... Awesome!.you name it.you gotta have this reserve! Great Source for Homemade COSMETICS and Using Pure Essential Oils My daughter and I really like going to the Homemade Mommy site and following her directions for homemade cosmetics. I'm so thrilled to have all her best tips and quality recipes in one place! It's also a great introduction to using important oils with recommended set of ingredients and products for homemade cosmetics. Not Up To Expectations I really love Lindsey Gremont and her internet site, however after buying that is was disappointed that it had been so hardly any information or quality recipes. I plan on using many of these recipes in my own salon.. This book has great beauty recipes in it. Five Stars Great help in learning how exactly to use my different oils. Just What I was looking for This little book had all of the recipes I needed. I attempted many of them, and Have liked all that I have tried.! As for her being a Youthful Living rep, she only makes reference to the oils she uses briefly. Am going to try some soon. Two Stars Not more than enough for the price rather than very attractive. No photos Essential Oil Beauty Wonderful book, chock full of recipes for homemade cosmetics. All of those other book is good, solid information for those just getting started off with essential oils, and an abundance of DIY Beauty quality recipes for any essential essential oil user. I would recommend this publication to anyone thinking about natural beauty products.. So awesome! I really like learning all of this stuff and this simple and easy ways to changeover to a homemade healthful life. Appreciate the book! Like her on FB so that you can stay up to date with all she offeres
