Simply Awesome! Highly recommended A must read! While healthy teeth and gums is definitely a topic that interested me, I likewise have taken to wanting to know what a difference it might make in how I age. Reading this really exposed my eye and brought my attention to things I was carrying out that I could do different for great long term effects. I found that I remained interested in the book the complete time which was very useful mainly because well. For me younger appearance is an advantage but the real worth for me was the capability to smile and laugh once again. Congratulations on a wonderful book. Also tips about how to prevent deterioration and issues with your gums. but I could not stop reading this one. Perfectly written and extremely engaging, with great usage of patient case studies and examples that made it easy to follow and understand. We see I need to pay more focus on a few things! Great information. Highly beneficial and easily understood. Great information... We live all our lives with this teeth, but know so little about how to take care of them. Thanks, Dr. Maddahi! Want to be able to smile, meet up with the man behind groundbreaking dentistry. An excellent well crafted book, set into easy to read sections. It includes brilliant advice and illustrations concerning how to look after your teeth and avoid all the foods, drinks and additives that destroy the colour of our teeth as we age. The case studies are real. The before and after photos display how amazing dentistry can change the form of the face and improve features making people look younger and invite them to smile with confidence. Dr Kourash Maddahi is actually a amazing artist who is able to change your smile. He's a very kind and sincere guy who cares for his patients and ensures that they get the best advice and results possible. Kourosh Maddahi will with dentistry! For those wanting an improved smile. For years I hated my teeth, would never smile and acquired to always think twice when I needed to laugh. Maddahi! This is an excellent and inspiring book about how exactly teeth can transform your life. Dr. Maddahi gave me a smile that I am proud of and now, each day I look in the mirror and smile. My close friends at first didn't know very well what I had carried out. Many thought I looked younger or had a new outfit. Perfectly written. Many thanks so much Dr. I know from personal experience how this truly happens! Great patient case studies and examples make it easy to understand and follow I never would have thought I'd love a book on the subject of dentistry. Incredible information. Who knew that dentistry could have so much to do with anti-aging? I started to spot the toll that my mothers dental health was having on her as she aged and reading this book answered many of my questions, with simple answers and great information. Check it out! The book's also really well written and captivating, it doesn't read like some boring medical book. I've shared some tips with my children too, it's just so simple and effective! Dr. With over half the dentists in the U. I've known Dr. He'll shave time off your life with a brand new smile that looks beautiful! Maddahi is usually Amazing! S. I had zero idea a dental procedure could make someone look ten years younger. This was book was very informative and cleverly written! I came across this book to be highly informative and very interesting in terms of what Dr. A wonderful and inspiring publication about how teeth can transform your daily life! A great browse, especially for those who are thinking about aesthetic dentistry. Dr. Kourosh will so much more than just whiten tooth. Maddahi for some time and his approach to dentistry, outlined in this reserve, is remarkable! Amazing book! still using Amalgam fillings (among additional procedures still behind the changing times), this publication outlines what you should do to get a healthy and youthful smile, face and body. This publication was truly amazing! A must-read! Definitely really worth the read. We live all our lives with this . If you've ever wanted to know how to protect that youthful smile, grab this book.
