Simply use Google or Youtube free of charge I'm rating this 3 stars because it was mostly understandable (although there is a typo using one recipe that made it a bit unclear). This is a VERY basic book! Very fundamental instructions for someone like me who understands nothing at all about soap making. It isn't as hard as you'd think it'd become and it's really actually fun to make. Easy to read and understand. There are several great cold process recipes so it wasn't a total flop, but what I did so nothing like was that some of those dishes are for melt and pour soap, that is NOT soap making!!! was an excellent book. Awesome Info! I'd have liked even more of a conclusion of different oils and body fat and what they are good for. If you ask me this is the information that's difficult to find, but would be helpful when making your own recipe. Utilizing a soap base is using somebody else's soap and adding scent and colors to it. I've constantly wondered if soap making was even possible. Glad I came across this book. Now I know it's totally possible and there's tons of different alternatives, and dishes. This book offers you step by step instructions which helps if you're a beginner like me.. This book rocks !!!! Homemade Soap Making: A Beginner's Guideline to Organic Soap and Natural Body. I really loved the coconut soap- Thanks! Just OK I purchased several of these e-books about making a number of my very own cosmetics (soap making, body butter, lip balms, etc.! I'd never even gave any serious thought to making my own homemade soaps or scrubs. Four Stars Thanks Super! There exists a brief history on the history of soap producing, and explanation of the different types of soap producing and a straight shorter description of the saponification procedure in cold procedure and hot process. Especially if you and your companion are rendering it together. Very fun book! Great Weekend Project Is soap making something you've always wished to try? This book has all the details you have to make gorgeous homemade soap, from short history of soap to tons of recipes which are doable. I especially liked Body Scrubs quality recipes, ingredients for these recipes are everyday items within your kitchen and incredibly easy to make..). In retrospect, non-e of them are especially illuminating nor contain information that I couldn't have found on the Internet in areas such as Pinterest, etc. I'd probably not recommend. Good intro book Book was very helpful. I am getting excited about begin the proses.! I especially loved the section on possible problems and corresponding solutions. Homemade Soap Making This book covers everything you'll need to find out about homemade soap making as a beginner. From fundamental techniques, essential materials, recipes, it covers all of the basics a good basic book has a little bit of everything within, including a section on room temperature soaping, which most books miss; won't provide very much to an intermediary soaper, but a getinner might benefit quite a bit Four Stars Very helpful Five Stars Sex homemade soap Helpful The book was well written with just a few typos. The pictures was excellent. I wish to try my hands at it right now. You don't need to have pubs of chemical to really get your epidermis clean and there are a great number of oils and scents to increase your soaps and scrubs to provide them a nice, fragrant smell!! To me this is details that may be found anywhere free of charge. Good recipies. Best for a newbie like me.. It provided.
