A ground-breaking and honest account, this book will be an invaluable addition to the shelves of parents of children with ASD, mental health insurance and legal professionals, teachers, carers and various other professionals working with individuals on the spectrum. nault, this important publication addresses the problems surrounding the autism spectrum, sexuality and regulations. With advice on how to help people who have autism spectrum disorder gain a better knowledge of sexuality and a thorough list of assets, the book highlights the necessity for a more informed societal method of the psychosexual development of individuals with ASD. This book examines how the ASD profile typically impacts sexuality and how sexual advancement differs between the general population and the ones with ASD. It explains the legalities of sexual behaviour, how laws change from country to country, and the chance for adjustment of existing laws as they are put on the ASD population. The complex world of sex and appropriate sexual behaviour can be hugely challenging for people with autism spectrum disorder (ASD) and, without assistance, many find themselves in vulnerable situations. Based on Nick Dubin's very own experience, and drawing on the extensive knowledge of Dr Tony Attwood and Dr Isabelle Hé

Surprising revelation This is the second book by Dr. But to avoid it would end up being a mistake, especially by anyone who knows someone with autism. It is an important book about a subject that may prove too delicate for some. Nick Dubin that I have read. Apparently, the conditions that Dr.. Dubin concerning depression it is well written and very informative. It will need to have taken a lot of courage to write this book. Just like the other book I browse by Dr. And who better than someone who directly experienced these tales to tell them. As a culture we want to ignore the sexual needs and curiosity of the disabled, leaving a lot of people feeling ashamed and by itself. Parents and caretakers and "aspies," READ THIS Reserve! Big Brother is Watching Excellent book showing how the criminal justice system has traumatized and destroyed the life of a man diagnosed with Asperger's syndrome. This reserve can be an amazing, courageous, informative, inspiring contribution toward that objective! Reading this book will assist the layperson, teachers, the legal system, police and mental medical researchers gain essential understanding about how a person might be highly smart and highly functional while lacking skills for nuanced cultural and personal interaction. Bravo to all who participated in co-creating this IMPORTANT book! Marcia Ferstenfeld, MA, LLP. Once I started reading this compelling book, I couldn't .. Once I started reading this compelling book, I couldn't put it down.. It is a first hands account of a man's lifelong struggle dealing with the effects of an autism spectrum disorder and his alleviation when he finally finds out that there exists a name for his condition. After his life comes together, he inadvertently works afoul of the law and his nightmarereally begins.. Ralph Speaks truth about arrest and punishment risks! Five Stars So well written! org), I have already been increasingly aware of how many young men with Asperger's (and their parents) were consistently getting caught up in the net of get - tough laws. A very brilliant book. A must read! Fearless honesty in a groundbreaking book That is a beautifully written and vitally important book, covering the taboo subject of sexuality and autism. Actually I'd say that it should be required reading for anybody dealing with people who have disabilities of any kind. Recommended. Nick Dubin can be fearless in his honesty and deserves accolades for bringing his own painful plight to light. We couldn't put it down until We finished it! It really is heartbreaking to think about all the those who are captured in the trap of injustice without recourse to proper help. A fantastic read! A MUST-READ! If it hadn't been for you personally I would not need been able to understand what my child had to go through. This book is a definite necessity for all mental medical researchers, parents of autistic children, teachers, lawyers, and the ones on the autistic spectrum, etc., so they have a full understanding of the autistic spectrum, sexuality and the law. You are making a huge difference in so many others lives! After scanning this heartfelt book, I highly recommend that ALL parents, in addition to those with autistic children, also read the book. It was enlightening for me personally and I guarantee it will be for you. I desire I had a percentage but it is too latest a phenomenon rather than well documented. His parents likewise have opened up their hearts, regardless of what will need to have been a wrenching experience, in order to bring understanding and compassion to the subject. This book belongs on ever desk! This book belongs on every desk of whoever has contact with the Autism community. Having worked in the field of disabilities for many years, I desire this book have been available to me. A must read for all parents of individuals with autism spectrum disorders Excellent book! Hopefully even more families will learn from the Dubin's experience. Highly recommended! This is a book that needs to be read by every ... This book is compiled by someone who has experienced first hand the struggles AS children and adults face. Law enforcement and law officials also needs to be asked to read this. It is a frightening tale about how exactly little our

legal program is aware of the behavior of people on the autism spectrum and what these folks experience for this reason lack of knowledge. A huge "MANY THANKS" to Nick for his courage in posting. A huge "Thank You" to Nick for his courage in .. If child pornography is illegal why are they not really held criminally responsible for allowing it on their websites or is it intentionally there for the intended purpose of entrapment? It is normally well crafted and and I motivate everyone to learn it.! As a retired therapist, mother and grandma, I was extremely amazed what I did NOT learn in my years of university and raising children. Great book. Everyone that has a special requirements child . As an attorney for many years, I was deeply disturbed by the legal system's severe prosecution which ignored the evaluations provided to them (even by their own experts)and their one size matches all make of justice.. Great book. Everyone which has a special needs kid should read this. As an advocate for saner sexual offense laws (see nationalrsol. Essential read for anyone who works with, or loves someone on the autism spectrum. As we see more and more individuals and family members coping with this spectrum, we as a society, must increase our knowledge and understanding of the precise ways it impacts perceptions, behaviors, and communities, and develop a growing number of assets to support they and families. It acts as a caution to families and experts about the risks of the web where it is extremely easy to download illegal materials. What is tough to understand is excatly why the government goes after naive and vulnerable people like Nick and not the big businesses like Google or Yahoo who supply these images... Thanks to Nick Dubin and his parents for getting the courage to tell their story. I recommend this reserve to parents of While kids as a . Dubin found himself isn't uncommon.. This is a book that should be read by every law student and lawyer in the country and also all prosecuting attorneys and judges. It is very educational, insightful and well written. I recommend this book to parents of AS kids as a resource for understanding a few of the complications navigating the topic of sexuality making use of their Aspie children. Outstanding! Must reading for each educator /parent dealing with adolescents on the spectrum. It provides exceptional insight of the individual with Autism, but also displays the courage of the family to share their story. Four Stars interesting and disturbing
