Buy this for your children to start the healthy-eating conversation on their conditions it playfully educates that they can prevent and or reverse obesity. If kids learn healthful habits if they are young, they will not have to make as much big changes if they are older.C., and enjoy that he's putting good messages away there, and enjoy that he's putting good text messages out there Had the satisfaction of meeting the writer in D. I believe kids should the graphic novel / comic book format of the book.possible for kids to understand Had a great message of eating best and getting proper workout to stay healthy. This book is indeed exciting for kids to learn. It's amazing to find them engaging with healthful eating in a manner that entertains them.I really like the premise. Great, like having your son or daughter read a comic reserve with a confident message. The characters in the book are relatable so kids can identify. The artwork is stunning! Can't wait to observe what Chunky is certainly up to next. Vivens retains it light with likable Chunky leading the way. This book is fantastic, my 7 year old doesn't like reading at ... This book is fantastic, my 7 year old doesn't like reading at all, but because this book is indeed fun he loves to scream combined with the characters and the comic book feel keeps him engaged. Everyone can identify with a kind of misunderstanding from when they were a kid. Can't wait for even more in this series. Great Book Don't think that book is only for kids that are overweight or obese. Great for all kids. The entire message is that you need to eat the right portion sizes. Very cool for children. It's interesting that the writer decided to start the book with Chunky as a grown-up makes it easier for children to learn that the work can pay off. What a terrific reserve with a robust message.!! I actually see myself in Chunky, good topic to explore with your kids!! Must buy!! Great Read! Chunky and friends is so cool. Making obesity right into a monster called the o-beast is very clever and my son and I loved it a whole lot. The comic publication style of the book flows and the graphics and colors is a strike with every youngster.
