Great illustrations ! Lipstick is just about the first article of make-up that young girls like to try out. A wonderful tale for women!. The illustrations are perfect, as is the concept. This tale describes how the shades of different lipsticks make the youthful girl feel. It's not only very funny, a strong aspect generally in most of Orit's stories, it also contains an excellent message for girls concerning the importance of maintaining your skin healthy.. This is actually the perfect nighty night story This is actually the perfect nighty night story to learn to your sleepy child. With all the hectic sound of a busy day, it's very nice and also fun to learn a story about something us women love to perform. The illustrations are amazing This book is super cute. She wants this book because of the cute silly pictures that light up her imagination. I like this book because it's sparks her curiosity. I am today locating lipstick kisses on my mirror. She is having so very much fun with this tale. I know you as well as your child will equally love this particular short little story in more methods than one . I believe it's great, and I look forward to reading others in the series.. scanning this reserve to my child and both of us love it.. I was reading this publication to my daughter and we both love it . This tale combines the fun of applying make-up, with the strong imagination of a young girl.. This book is super cute. .I recommend to have it very easy and fan reserve.. Michelle, my daughter, who's four years old, wants to place lipstick on. Indeed most girls, and females, choose specific colors to be able to look or experience a certain way. I'D give this publication five celebrities.!Fun and creative. The illustrations in this book are excellent! This story is amazing for most young and old readers alike! You ought to have seen the faces of the kids while reading to determine how much they enjoy! One of the best stories I've browse to children Among the best stories I've browse to children! and I really enjoyed my kids to read it The book is fascinating, and I must say i enjoyed my children to read it! Five Stars Sweet book for youthful (rather than so...) girls!
