This reserve is filled with a bunch of great recipes that are an easy task to make and easy on the pocket book. Great recipes. This was a great little book. I ran across this reserve and downloaded it with my Kindle Unlimited. It isn't filled up with 10-15 webpages of fluff and conversation. A breeze instructions with substances you can obtain easily. This book talks about the many uses of body butter. When I saw this book I decided to give it a try before it gets too cool. I thought the dishes were great, and they came with an instant description of what they were supposed to end up being used for, how to be used, and what the power was. Simple. I recommend this reserve to anyone seeking to make these body butters by themselves and save a lot of money. I can't wait to start producing some different butters. There have been some very interesting blends, but the edible chocolate body butter was something unique. My wife attempted the mango coconut body butter right off the bat and loves it. Personally, I am looking towards the coffee body butter, which is supposed to be beneficial for being under the weather. The quality recipes cover a wide range of uses, from fighting cellulite with the Cinnamon body butter to soothing sunburn with the green tea extract mixture. This is a good book with a couple of great recipes that are easy to make, and intensely inexpensive. It had been packed filled with what I wanted, without the nonsense that I could live without. Easy. Make Your Own Customized Body Butter I have a collection of half whole lotions and ointments that I've tried to get my skin to where I'd like it during winter. Frankly, it does the work pretty effectively. A book you might start with. This is a publication of recipes for different body butters. This book talked about some common ingredients found in body butter and their properties. This reserve contains some easy recipes for body butter that you could make and tailor to your own needs. There is also a chapter of recipes which are suitable for giving as gifts. I can't wait to get started on blending some up - for myself and my family and friends. Great book! Covers quality recipes for some scenarios or requirements. A good read Simple and effective quality recipes for each diy enthusiast. Very good Very good. This publication is great! It includes a ton of different "dishes" to create different body butters. These will also make great presents this Christmas period. I thought the recipes were great and my partner recently tried several at home. I really recommend this book! Amazingly helpful book My partner loves lotions and cream, but she's very sensitive skin. For her, finding lotions and even shampoo that will not cause irritation can be a true chore. So when I ran across this publication I immediately thought of her. Highly recommend. What is even better, because you make them yourself you know exactly what the elements are. For someone, like my partner, who has sensitive pores and skin, this is a dream come true. Amazing recipes Living in Colorado, my epidermis is dry continuously and I got tired of spending so much money on lotions which were not working, therefore I decided to try to make my very own and body system butter seemed to be the place to start. This book has so much great details on substances and uses, along with some amazing dishes to create my own body butter. Gleam chapter that addresses particular skin problems like dryness, oily pores and skin, and cellulite. Burn mark forget about Good book, I am thrilled to try these recipes, I have some aloe plants in my own garden now I can use them to make my home made body butter. My objective would be to clear up the burn marks on my pores and skin. This book is very detailed and helpful. What better method to learn than make my own body butter? Five Stars Great for personal use and presents! Four Stars ok details although I think one will discover the same info on the internet Seems nice Haven't tried it yet. I really like DIYs and I produced my own lavender scented body butter! Blah blah blah blah (had to make use of at least 20 terms to get off this page, no disrespect intended.):) Easy instructions Compared to lotion, I love body butter better. The consistency and thickness of a body butter moisturizes my skin a lot more than a regular lotion, but that might just be me. Shorter than I had hoped, but I read it and discovered why. But was interesting. It isn't trying to become anything it isn't. I want the book was a little much longer but what was given was informative. I have to know if it's going to result in a reaction or not. Being somebody with very sensitive pores and skin, I can't just go to the shop and buy things like lotion and body system butter upon a whim.

Body butters are accustomed to moisturize and protect the skin and so are usually used through the colder a few months when skin is even more prone to dryness.
