Hair Care and HAIR REGROWTH This book does what it says it'll do -- tells you how to enhance the quantity and quality of your hair. I am 21 yrs . old and started losing hair quickly in the crown area. Many tips, actually. I have used a few of these 'tips' in the past, but not often rather than consistently. An extremely amazing book to help me guide and look after my hair. I also know there is no reason my hair cannot continue to improve. Fifteen years back, a round of chemotherapy led to the loss of a lot of my hair, however, not all. Regrettably, my hair started to arrive gray over night and I shaded it. I didn't know why or what to do about it. But still color it. The the truth is that it looks pretty bad most of the time from the bad treatment I have given it. But I am decided to keep this publication as my help to getting my hair in great shape. Strongly suggested ? Natural Hair Remedy I actually've been experiencing of having a dry and curly hair, it feels so unpleasant. I am disappointed Full of very helpful information and advice Full of very helpful information and advice, debunked a few of the previous wives tales I always thought were true. A fun, quick book to read A fun, quick book to learn. This book is a good guide specially for me because Aging is one cause of hair thinning and I don't want that to happen to me. The reserve also teaches the right kind of food to eat that will help in making the hair more healthy and lively. She suffer from Alopecia and I'm glad I've browse the different sort of alopecia in this book, I will take notice the other remedies specifically the house remedies for my cousin to greatly help him reduce or even cure her hair thinning problem. Now I understand that it was not blind fortune and there was a basis for why my locks improved. I especially just like the apple cider rinse and the massaging techniques. It's filled with common sense, advice, and useful medical info but also has a multitude of "at home" and natural quality recipes to strengthen locks, add shine, deal with scalp problems, and help hair growth. This book helped me find out about why it was happening so that I possibly could efficiently look after this terrible problem. I have already been This book was so helpful!
