I know a little more now I know a bit more given that I've read this. Thank you so much for writing this. But still I think can apply foundation better, simply need a little more detail which color to buy. So informative and easy to follow! So helpful and well crafted! Breonna is a beauty guru! Very Good read Very informative and an extremely good read. Wish it could have talked about all the different brush, makeup products, etc. I learned something To me; Awesome! I currently follow her YouTube channel and she's my go-to for beauty guidelines! this book has answered therefore many queries I had. Breonna is certainly a beauty guru and a specialist that should be paid attention to. Five Stars This is a great book for beginners in make up, such as myself, who have questions about skin care. Five Stars Happy :)
