An excellent addition to any library! This book is a great addition to any collection. Very kid friendly and will have your kiddos requesting many questions. This little lady is very particular and represents the 1st case in health background that directly links biliary atresia to a causative agent. Kudos to her parents for sharing her story to improve awareness and help other family who could be embarking on a transplant journey. My prayers to the Phinisee family members! a wonderful read for my grandchildren A charming, insightful and loving reserve, a wonderful read for my grandchildren. Most of us have a greater respect for issues we sometimes take for granite like lifestyle and health. God can take an ordinary person to big thing which will ultimately glorify Him. Superb book. A mother's work is never performed and God allowed this to happen to bring a bigger awareness. Fun and educational content. Sues my children actually appreciated the rhymes. As fans of Dr. This publication is classic. Looking forward to ordering several hard back copies of the teacher's edition for my daycares. Heart warming Such a touching story. A mother's job ... Very cool book! Fun and educational content Excellent book. Five Stars What an inspirational story for such a kid. Thank you Rasheena! Awesome This is perfect for kids who are sick or have sick friends. Very child friendly for a sensitive topic. Highly recommend. Great story It brought awareness from a child's eye's helping kids with or without illnesses learn how many other children may have to go through My prayers to the Phinisee family members.
