Well, The Art and Science of Hands Reading adjustments all that. Every single example has an connected photograph or drawing where suitable. Be considered a diligent student and you could change the globe around you one palm at a time. The topic matter is covered completely aswell. After purchasing over a dozen manuscripts and books on palm reading I have to say if you had purchase just one book on palm reading, this should be the book. Essential "own" book for just about any reader's bookshelf! This book is indeed brilliant in explaining palmistry to all levels of readers. To me, a neophyte, it simplifies and demystifies the reading of palms and has helped me more than any book in this category.. Fun and quite accurate. Well done! Know thyself, then share This is actually the most comprehensive palmistry show you can get the hands on! Honored to have already been students of Ellen Goldberg, I could confidently say that has the potential to become a life changing book for anyone who is open it's study. In addition to the clear photos, practical explanations are provided for each and every characteristic explained. Nice look without plastic sleeve. An awesome textbook of palm reading is merely the beginning.. This one is by far the most extensive and clear to see. You are set for a treat! She actually is therefore kind and nurturing and is wise beyond her years! An Amazing book. Just get this book, you won't regret it..really worth the wait around and the money. I have a difficult duplicate and a kindle version therefore i can reference it all over the place I proceed. I was lucky enough to possess Ellen as my teacher for over 4 years. An Amazing reserve. Such a treasure trove of details and spiritual information. It is probably the only book on palmistry you will ever want! If you reside in the NYC region, get yourself a reading with her if you can or better yet, take among her intensive classes. "The Art and Research of Hands Reading" (co-authored by Dorian Bergen) may be the go-to for anyone interested in learning more about palmistry.! A Course in Palmistry This is a superbly crafted and illustrated book filled with insights and all sorts of things that are new to me. Most highly recommended. It isn't the type of reserve you breeze through, but more of a training course in the artwork and research of palmistry. I was utterly fascinated and impressed by the data here. In this gorgeous book, Ellen Goldberg has shared the fruit of a an eternity of investigation into the mystical arts along with her incredible background of practical applied experience as a reader. I've read a lot of books about palm reading. Ellen is also a talented visual artist and she's brought her abilities to bear on the visuals in the book - it is worth buying just to spend time looking at the photos and illustrations. It makes for a really great reference reserve for ones who already practice the art of reading palms. The explanations of history and origin in this publication help to understand the true meaning behind the information you're absorbing and is certainly an ideal gateway to understanding other metaphysical sciences and mythology. If you read this publication about palm reading, you'll already have a huge grasp on how best to interpret tarot cards as well. I cant wait to pass it through generations I can't recommend this publication highly enough I can't recommend this book highly enough, it really is my Bible for hands reading and most referenced text. Ellen is a sensible and wonderful instructor, who has the opportunity to make actually .. Beautifully illustrated and prose that jumps away the page into your heart and brain, I'm simply excited for more information. You won't be sorry! Ellen is certainly a sensible and wonderful teacher, who has the opportunity to make even probably the most complicated areas of palm reading interesting and easy to understand. Quite accurate. "The Artwork and Science of Hand Reading" can be an essential guide for anyone who would like to gain invaluable insights into how our hands give a apparent and undeniable roadmap to our personalities, life choices along with our

physical and psychological strengths and weaknesses. With the gift of this understanding, we can discover ways to help ourselves among others take more control over of our lives and our destinies. Very comprehensive palmistry book! I am so glad I purchased this book! Be kind to yourself and get this reserve if you really are seriously interested in learning Palmistry. great book, cool cover for hardcover (just a hand) this book is tight. extremely informative and a big book. A lovely and priceless investigation into every part of palmistry If you're a novice exploring your own hand or a skilled Palm reader - this book will enhance and enrich your experience of Palmistry. brown book with gold hands on cover no text. I love this book so very much info. Really awesome book. I purchased the hardcopy, and also spent yet another charge for the Kindle because it's that useful I wanted it on my gadget as well.. When you are studying something as visual as palm reading, it always baffled me how most of the books possibly have hardly any pictures or collection drawings of a palm. Definitely happy with this purchase Got the reserve didn't finish it however but I love it. It's quite large but the print is apparent and the format is easy to read and understand FUN ! Simultaneously, she makes important connections between palmistry, astrology, mythology and also the major archetypes of tarot. Bravo to the article writer and artist Ellen Goldberg. Only wish there have been more pointers to areas on hands which are what author is discussing on that page. Five Stars very informative!
