

Luminicious

A woman with dark hair, wearing a purple sleeveless dress and a blue shawl, is smiling and looking upwards. She is standing outdoors in front of a large tree with green leaves. The background is a clear blue sky. The overall mood is bright and positive.

..! I really like the honesty and am purchasing this book for all your luminicious ladies in my life. The stories are very well-written and inspirational. This book gives some great insight in to the struggles and challenges that we face in trying to love ourselves as we are. It opened my eyes to observe how challenging this is for females in today's world and how magical it is when it happens. Many thanks, Beth Anne, for this amazing amalgamation of stories from incredible women around the world. These tales prove that enabling you to ultimately help and love others authentically starts with recognizing your inherent worth, accepting who you are and that you will be worth love -- especially from yourself. also to my delight it had been a well written and personal sharing of struggles that a lot of women experience at some time in their life. The author writes with such clearness and power .. i know how exceptional a few the ladies are in this reserve, so in the event that's something to put into practice, these 10 stories are going to be seriously transformational and effective. This book is amazing. The author writes with such clarity and power in her words that are really inspiring. She gives useful tools for developing your radiance, your Luminiscousness. The guest authors talk about powerful stories which will cause you to laugh and cry, and connect with your personal feminine power too. Strongly suggested if you are one that loves becoming feminine and creative, growth on all levels, and improving your pleasure and happiness level, and would also like great tools allowing you to connect with that section of wise part of yourself. Creating the woman one wants to be I was very happy to read this book as I wasn't sure what it could turn out to be.. This book gives some very nice insight into the struggles and challenges that we face .. This book is amazing. They're simply vignettes but are designed to lead into feasible ways to meet up with these same problems that may be there for the reader including brief but useful exercises to ground oneself.! It is nicely put together with voices from females from many countries. Truly Magical. The collection of inspirational tales woven as well as simple guidance designed to help the reader overcome their very own self-limitations is actually magical. An excellent read for all women of all ages! I wish I had read this book years ago. I highly recommend this book regardless of what stage you are within your own spiritual growth.. Even though this book's intended audience is for women, simply because a guy I was enormously surprised and impressed at how connected I felt to the tales from a core human perspective. Many thanks Beth Ann, Lisa Craig A great book for all females! This is a great book! Each person has their own experience and I can relate to them all.. Great exercises to get in touch with our authentic selves.. A 'must have' for all those on the trip to an improved sense of self and happiness Love this book, full of tips and stories that lead you to getting your authentic and luminicious personal. can't wait to devour this publication. The purpose is to enable the reader to end up being accepting of self and support that one may wish and create what desires for oneself. This publication reinforced the theory that regardless of what gender you will be born, most of us have what I've noticed people explain as a "feminine aspect" and the world will be a kinder, even more interconnected, motivated, and positive place if more folks understood and spent period connecting to it. can't wait around to devour this reserve.. just got .. Vulnerable and touching, thank you all for sharing so deeply! Five Stars I love this book!. just first got it!. thank you!!
