Great Book About Visualization Great reserve about visualization. I literally just completed reading and am motivated and excited about what I have learned and changes I am making. I also appreciated hearing about Dr. Emoto's studies on water and his great acronyms for Dread and Like. If you need a leap start into making your life more in to the life of your dreams, this publication can help. If you're seeking to make a breakthrough within your own .. The book is precious for all ages. Inspiring I actually enjoyed the inspiring and daily activities justin encouraged. With apparent action steps to keep you on track and an acronym to inspire: VISION=Visualization, Purpose, Subconscious, Inspiration, Opportunity, Non-Negotiable, Sacrifices. Put them all together and move on to the top faster. A Must Have for Your Library Destined to be a classic. Simple step-by-step guide to having a sucessfull fulfilled lifestyle. Justin provides nailed it. His guidance is indespensible - a go to book on how best to make "it" happen. The book is an excellent read on the location sure you'll fall back to the world not every thing works right away button range when you apply it frequently it increases your life. Justin Ledford did an amazing job of synthesizing useful details to live an effective ...Some editing will be to be able, but otherwise a good book. Wow. It really made me take a close look within my personal budgeting and where I have to sacrifice my spending in order to launch into financial prosperity. Such an amazing book I wish I'd have read this publication years ago. The book offers a great road map to self improvement The book offers a great road map to self improvement; Read it, live it, appreciate your life! As you reads the reserve, the concepts build upon one another and each new idea is tied to earlier concepts. This makes it very easy to understand and implement.. nuggets forever: definitely a must read You know, I really enjoy books like these which are relatable and an easy task to follow. Justin provides such a special gift for seeing life in its simplest forms and applying lifestyle lessons to becoming a better version of himself.. Inspirational Visions to the very best can be an inspirational read for anyone who wants to be successful in their lives and maximize their potential – and let's face it, most of us do, don't we? I've read several comparable books, but why is this one stick out is that all the theories are backed up with practical guidance and examples, combined with the author's own experiences.

CONGRATS! Five Stars Awesome book! This book is a great instruction to living a far more fulfilling life not only financially however in general!. Your are the person what takes the actions. It has plenty of research to show how and why the different techniques work, which means you feel confident in performing them because you know you will get the results you want. This book hit me correct where I was failing. To the point, fantastic methodology ?outcomes I wanted! I also like the fact the book is quick and easy to learn, while being very useful and full of examples and stories. Good book for personal improvement! If you're looking to produce a breakthrough in your own lifestyle, Visions to the Top is the reserve you need. Would recommend it. Great for anyone who is looking to rise to the top. Amazing book for everybody!. I especially liked his breakdown of the economic buckets in Chapter 10. The whole understanding for unlimited personal achievement condensed in the fewest phrases. I've heard and go through many of the principles, but this reserve provides many examples along with a laser like focus on what the reader can do, starting today. Well done! This amazing book I actually sparked many great ideas!. This book stands out.. I read this reserve in fourteen days and for me that is clearly a record! I also have used more highlighter in this reserve than any other I have go through! I sparked many great tips! The description in the beginning as to what happened to his hands was riveting therefore he can write. For instance, he talks about a study done on Olympic sports athletes which ultimately shows that visualization is actually more important than their physical practice in terms of getting results! I can't wait to put into action these ideas! Good Read Very good continue reading why visualization is indeed essential in setting and reaching goals... Justin Ledford did an amazing job of synthesizing useful info to live an effective life. I

literally just finished reading and am .. So all-in-all, an excellent guide to creating a great existence, but more importantly, the tools and motivation to actually do it! In the event that you follow the actions steps in this book, I'm sure you will flourish in whatever you intend to achieve! Great book and short Alright We did a complete map from it ad some little stuff to it want 5 second rule, define dread and a daily to accomplish list without time (to leave the time stress away . That is a book you 'must' have in your library. I'm buying another copy of this right now for my hubby, because it not merely summarizes the best ideas on how best to create your fantasy life, it really inspires you to take action. The wheel of life with the dream list and daily to do list you can work to your targets and stay on the track. For visual advancement and mental chellange are simple to use. Shot simply read and check it out! Actually Motivates You to Take Action. He then goes on to inform you how to perform it for yourself - really powerful.
