I thought this book was superb in covering everything from information on results of medical procedures .. Kenneth Silvestri ([. Within weeks of modifications and specifically developed exercises she started to show definite symptoms of solid improvement! I thought this publication was superb in covering everything from information on results of surgery and bracing to clothing that are most helpful to what exercises could be a problem for those with scoliosis. Understandably, I was thrilled when this book came out! Congrats, Dr. Andrew Strauss provides written an exceptionally useful and well documented reserve on Scoliosis. It is clear, concise and as an educational tool, extremely useful.. The only concern that I have is his blanket declaration that Homeopathy isn't effective. Book of understanding for scoliosis This book is an abundance of information, and is informative in a simplistic and straightforward manner. In a nutshell, I agree with Dr. Strauss that top quality holistic healing settings can complement one another. I recommend this extremely informative and well crafted book and certainty will keep it on my shelf. Reviewed by Dr.. Dr Strauss travels across the world always looking and learning the most recent and advanced info and technology on non-surgical scoliosis treatment..]) Great book. I understand Dr Great reserve. Rob Bates D. Andrew Strauss on a specialist level. We trained together doing non-surgical scoliosis treatment.. AMAZING DOCTOR! Strauss gives caring and expert insights on what options parents have and how exactly to decide on the very best treatment option An unbelievable guide for parents on the journey of coping with their child's scoliosis! I highly encourage parents to learn this publication and make informed decision on their children's scoliosis care. AMAZING BOOK! I've seen him first hands treating his patient with scoliosis and obtaining amazing results. I was very impressed with this reserve. So when my child started showing a curve in her back I was very concerned. I knew I had to do whatever I could to help prevent her condition from obtaining worse.. Dr. I have scoliosis and also have been treated at a CLEAR clinic. Dr. Strauss and his office staff are kind, warm and very professional. Thank G-d, I was able to give my girl this option! While I have learned much of this content in the publication from my very own life experience through the years (I am 67 yrs . old, scoliosis diagnosed 50 years back) and from the caution I have received at the Crystal clear clinic the last 8 years, this was an excellent compilation of information (and I discovered some new things aswell). It is well written and very informative. Knowledge is power! This publication gives people the knowledge of the treatments that are offered and the benefits and risks associated with them. A must read for anybody with scoliosis! This publication is clearly written for parents to very easily understand about their choices and how their kids can benefit spinal rehab vs medical strategy of wait and see, bracing and spinal surgery. Dr. Strauss presents caring and professional insights on what options parents possess and how to decide on the very best treatment option. Dr. I believe that this book represents a fresh standard in non-invasive scoliosis care, and if your son or daughter has scoliosis, I believe that you'd be wise to read this publication and use it as helpful information. Strauss was the solution! Strauss' book is an extremely well organized body of work that issues the mainstream notions of scoliosis intervention. The book is engaging, informative, & most importantly, it offers true hope. It breaks brand-new ground, and it allows parents to make better sense of the complexities of their kid's scoliosis. In healthcare, we need doctors that force the envelope with regards to digging deeper to locating the true underlying reason behind the problem and resolving it. One of the most important books written on child scoliosis. You could very well be saving your child from unnecessary surgery. I possibly could not put it down! Growing up, I recall my mom having a lot of suffering from scoliosis. The writer clearly has real technology behind him along with years of the successful demonstration that his

techniques really work. What comes through highly is the method he cares about his sufferers - a genuine combination of a state of the art medical practitioner and a wonderful individual. In fact rigorous research for example, the recent exhaustive research by the Swiss Government concludes otherwise. It can help guide people who are affected by or want more insight into scoliosis, and assists one in navigating an unfamiliar and perhaps frightening new world. Dr. Strauss is clearly very knowledgeable and has done much research of this type. I strongly recommend this book if you are looking to understand scoliosis or understands a person who may have the condition. 10/10 would recommend Educational. Answered important questions about adolescent scoliosis. Three Stars Just OK. I really do not really think this book presents any particular help except promoting his business. What is scoliosis and the many avenues we can use to greatly help ourselves lead a normal life instead of the medical/surgical way. His knowledge and encounter demonstrate quality and thoroughness, but most importantly, it creates a partnership along with his affected person and their families that is obviously collaboratiive.. You can find less invasive treatments than the most commonly recommended surgery and this reserve helps parents to know about them and make their decisions. Straus will a great job helping both youth and adults get yourself a more complete picture of treatment plans for those with a scoliosis. There have been nothing but RAVE reviews! Gives people an option to take care of scoliosis without Harmful surgeries with poor long term health outcomes... I've recommended this reserve to many of my scoliosis individuals to provide them with details and empowerment. Quite often clinicians show an individual 'their option' when in reality there are many approaches available. An excellent resource for scoliosis Dr. Dennis Woggon, DC - Founder of the Crystal clear Scoliosis Institute This is a refreshing non surgical look at treatment for . One of the Best Books to understanding scoliosis and conservative treatment Among the best Books to understanding scoliosis and conservative treatment! Dr. Strauss!. Dr. This is a refreshing non surgical look at treatment for scoliosis. Straus does a great job supporting both youth and adults get a more . Gives people an option to treat scoliosis without Dangerous surgeries with poor longterm health outcomes This book "your child has scoliosis" Explains an very effective conservative option. Many thanks Doctor Strauss for writing a publication about something so significant but in a way we all can understand. I've recommended this publication to numerous of my scoliosis patients to . Ought to be required reading for each parent of kids with scoliosis. I understand Dr.C.
