A must go through for anyone interested in anti-aging and continued facial beauty. The author directs us on the very best recipes to use and more so a variety hence it is possible to choose the best for you. Definitely well worth your time if you are thinking about making your own cosmetics or expanding your understanding of essential oils. A good book. I am very grateful I found this book in essential oils that highlights and educates on how best to sustain your beauty and younger looking pores and skin in an exceedingly simple and healthy way. He makes it easy to understand, follow and put into action. A definite plus in my book. A nice read. Value recommendable. But you will also get the recipes for making your personal blends and how exactly to cater to your own private specific needs! I love how specific the author got specific in focusing on the facial skin and anti-aging. Additionally it is cheap to make these oils since they are natural therefore easy to obtain them. What I love most is definitely that the recipes are very natural and therefore less harmful to our skin. Yes, you'll receive some basic information regarding how oils are made and those processes, which is always good to know. Kudos to the writer. Great overview of how essential natural oils are extracted descriptions of common essential oils and a decent amount of recipes. If you are new to essential oils that is an excellent review, when you have some encounter I think you would still find the dishes useful. While this publication emphasizes beauty, additionally there is good details regarding aromatherapy and wellness. There are a lot of aromatherapy books out there, however they don't give you the details, how and just why that Gabriel Wise gives you. I would suggest this book to anyone who's interested in essential .. Great examples of recipes and uses. This is an extremely complete ebook. I would recommend this publication to anyone who's interested in essential oils. A great start! What a wonderful book! Great beginner book We found this to be a great book for anyone new to using essential oils. Super fun book Having so much fun with this book. I've used EO for several years but I still learned new information from this book. Five stars, and a thumbs up as well. ?? Beauty without secrets I have already been studying essential natural oils for skin which is a superb reference book with dishes and risk information. Good learning information. This is an excellent guide to using essential oiled. I didn't even know how to locate them. Some good recipe's to return to for future make use of. Great guide to essential oils. Extremely interesting and has helped me to understand what oils are and how finest used. I really enjoyed this publication. It's easy reading yet very informative. It requires you through every stage that essential oils may be used, PLUS recipes for use. Well written with good recipes This book is well written and easy to read. Four Stars i loved it! Very helpful Very informative.. Informed I came across this book to end up being very informative. Plenty of good recipes. Can't wait around to try a few of these recipes being truly a newby to essential oils. Great for your online library!! Everyone would like to maintain an excellent looking skin and therefore you'll want this book! THE FUNDAMENTAL Book for Essential Oils What an excellent book for learning, or re-learning, about essential natural oils. The book is quite well crafted, thorough, and filled with hints and concepts. I found this book to be nicely laid out and easy to follow. The writer presented many ideas for blending oils into your personal desired combinations and took apart the mysterious double-talk that's often within aromatherapy and essential natural oils books. I especially loved the hints on when to use which natural oils, and what to avoid when using essential oils. This publication will become my "bible" for obtaining, making and using essential oils. Perfectly done.
