The format that it was filmed in isn't compatible with US Blu-Ray players. The Marilyn Monroe look-as well was amazing! I found girls of Pixiwoo just a little over 5 years ago, and I haven't stopped viewing them since. Their tutorials are fabulously balanced making use of their professional knowledge and their basic and straight forward manner. I always feel as though I am sitting across the table from a favorite girlfriend learning how to do a brand-new make up look. I know the majority of the information that's presented in the publication already. It's alright. The photos are fabulous and the information is timeless. Well done girls! I love makeup and the artwork of applying it.! Despite having to work to see it, loved it! Very great DVD - couldn't play it in possibly Blu-Ray player, yet finally finished up playing it on my work laptop. It's like having an individual constitute artist! The Pixiwoos sisters really outdid themselves. Excellent book! Love old Hollywood films.! Excellent! Very fun and incredibly interesting. The photos are pretty, but the writing and company is sloppy. If you are familiar with the Pixiwoos on YouTube, you then will enjoy just how this reserve is written. The pictures are great and the knowledge that I've read is quite informative Great gift for makeup lover! beginner book This book is really a great resource for beginners or those that want to get more Pixiwoo techniques under their belt. This publication is full of needed information (I will learn to do my brows, I swear it! Yet, I still enjoy having this reserve and I will add it to my beauty reserve collection. Great for beginners! I'll preface this review by saying that I love the Pixiwoo sisters and regularly watch their YouTube channel.! While I enjoyed this book, it is definitely more appropriate for all those that are simply beginning to apply makeup and want to learn techniques.. This is a fairly cool books This is a pretty cool books. Great photography & I acquired this as a gift for my daughter, and she's really appreciated reading it and has learned a lot!), and sounds exactly like they do within their videos, with a tone that's warm, friendly, and actually caring that I understand how to appearance my best! As somebody who is quite experienced in makeup application, this book wasn't as valuable to me, but was an enjoyable read yet.. Interesting concept because of this sort of book but I don't feel that the associated software does enough to make this any better than the other makeup books out there. Ideal for beginners or for those of us looking for a fresh approach. If make up your thing Love these ladies on Youtube glad to see they place a publication out its colorful with simple tips to follow. Product arrived safely and We was just while shown.! Five Stars Awesome book, love it! Product arrived safely and I was just while shown. Too short I really expected more. It had been too short. Not enough content. Disappointed I bought it.
