All the recipes are available on the internet, free. Some could use more specific guidelines, as oftentimes it matters what order you mix ingredients for best results. Also this book does not have a desk of contents or an index and isn't searchable. I thought it fell short in so far as the .! Great DIY Recipes I was new to making my very own products. Recommended read. Good For Beginner Interesting, however, not really anything new or outstanding that you can't currently find free on the internet. Too many things I would never use. So if you are looking for a particular recipe, you need to look through the entire book to get it... I thought it fell short in as far as the design of the book. Good Recipes I liked the dishes. Wonderful job performed by you Robin. Loved it, will recommend too there's for sure! Loved this book! Very well written A+ details thx Robin. More people need to really need to educate themselves with natural ways such as this book offers. Fabulous book! Love everything in it! Thank you this is great information to get me started to living better For a novice, this is great information to get me began to living better. It's cheaper, safer to use, and works better! Strongly suggested this! These quality recipes are basic and may be used as a start with adding you'r own modifications. This reserve helped me plunge correct in without all of the trial and error. I used some of the recipes. Would purchase it again in pulse! Five Stars Definitely the right stuff here Great! We reside in such a toxic world, thanks because of this!! Recipes A helpful DIY book with several useful recipes. Save your money. Four Stars There are several great recepies, but I expected something more compicated. I have already recommended it to friends and family. I've trashed 23 store bought products in my home and switched them to the quality recipes from this book and so far I love everything better! Wow so excellent o Never got it I never received this product \*\*\* Nothing to say apart from it getting helpful and informative. You can find no pictures!why?
