Absolutely brilliant essential read What an absolutely amazing publication, written as only an Irish sense of humor can. A beautiful funny story about an amazing man bringing up two women with Autism while becoming devoted to his wife and seeing the funny side of everything. I was so absorbed in the story and taking pleasure in it so much I didn't care at all.. Laughs and tears aplenty A sublime book, written by a fantastic author, about his wonderful family. It's an instant read, it's a straightforward on the eye and brain read but will truly touch your center and if it doesn't you mustn't have one. It really is equally heart-breaking and center mending. Happy and unfortunate moments from a life of parenting children with autism It captured perfectly the grief and the joy of parenting a child with autism. Hopefully this is just the beginning of it for this author in a fresh creative field, we just need Sophie to keep forcing him to create. Keep going, "Furryburger"..
