Prayer Can Save Your Life Although she passed away five years ago, my sister, the beloved spiritual teacher Debbie Ford, has left a powerful legacy with her new publication, YOUR HOLINESS. Through world-renowned moderate, James Van Praagh, I received an apparent message that she wanted to tell the world a life-changing prayer reserve. I had no proven fact that she wrote such a reserve, but once James shared the communications, a quick search unearthed this beautiful, enlightening, and inspiring work. I am so grateful to read this publication! In it Debbie combines motivational prayers with deeply personal tales about her very own spiritual journey. On the tenth day of her 4th rehab center she was on the point of runaway in search of drugs. Rather she went right into a bathroom, with an extremely dirty ground, she got on her hands and knees and prayed, and God responded and provided her the power to get sober. Through the gifts of moderate James Van Praagh we discovered her unpublished manuscript. At a particular stage she knew that if she didn't obtain help she was going to die. She translates her experience into a practical route for transformation. This very inspiring prescriptive book will lead you back to your inner wisdom and Divine Self. It really is profound, practical, compassionate, loving, and transformational. I love this book I really like this book, it is the best reserve Debbie Ford has written.
