But I can already tell it's a great book. Just what a brave young man I just bought this book today. I haven't finished it yet, but I have to say I can't end reading it! To help others through your composing, words and life is usually honorable.! I took a break to make a cup of tea and write a review anyway despite the fact that a little bit premature. Dany brings tears to my eyes and hope to my center in this beautiful, inspiring story of his bout with cancer tumor. What a brave young man ... I'll review again when I finish.. I really like this story. I'm heading back to my reading now and probably will finish the publication today.. (found AJ Mhrzad wrote the forwards. Thank you for sharing and providing people the hope we need! Dany brings tears to my eyes and hope to my center in this beautiful, inspiring tale of his bout with cancer Just what a heartfelt tale of an incredible journey by an unbelievable guy! The struggle is real but the mindset always keeps us moving FORWARD!.. Anyway I'm enjoying it tremendously .). This book has truly inspired me to check out things differently rather than let that negative tone of voice or others distinguish your own future. In order to observe Dany conquer cancer and today get in touch with others with wish and want to live the very best life ever is actually amazing.!This book is a must read for anyone striving to live their finest life ever, healthier and happier!. But I could already tell it's an excellent book. Our bodies can do incredible issues, but our minds are even more powerful. Dany proves that in his tale about the battle of his lifestyle. and what a scary scenario for him. It certainly makes you consider what's important in existence.. I'm so inspired by this tale. His perseverance and ... Before this book I understand the authorpersonally and he's been a great leader and great old brother/mentor. His perseverance and dedication while seeing the gift in this very difficult time is so effective. I'm getting this for everyone in my life who's suffered or is experiencing cancer. Many thanks DANNY FOR THIS AMAZING AND INSPIRING BOOK.. So a lot of things he expressed that he never distributed to anyone. The force and motivation he previously and how he transformed his mindset and achieved so a great many other ventures in his existence. A Gift of Hope Cancer, The Unseen Present, is an inspiration to all or any. Your mindset is essential. Thanks because of this gift of a reserve. I simply bought this book and it's really the most inspiring reserve I ever purchased This man (Danny) has inspired me to overcome any obstacles any challenges that comes my way. I really like the positive response that he had taken against the complete situation (fighting cancers.) Danny is an extremely positive strong son. Great read Not merely did this book help to make me laugh, cry, think & You must read this book True story of man that proves a leader isn't born he's built. After reading this book I am really inspired by his moving story of how he defeated leukemia. Many of us know this disease is definitely a terminal illness and for this man to beat it inspired me a lot more. I'm so inspired by this story. There are

still virtues and lessons that he provides trained me that are engraved in my brain that I still try to practice today.! I want him all the greatest God bless him and everyone else going through the same scenario. change my mindset. It also gave me more motivation than I have now. This book really allows you to understand and have proof that you control what's between birth and loss of life. You determine your destiny. Your health.! Inspirational To live through something similar to cancer is something worthy of acknowledging but to beat & conquer cancer is certainly inspirational.! Danny I don't know you from Adam however your book is an inspiration it touched my heart and I am an avid reader and I as well live in Barnes and Nobles!!! Five Stars Amazing! Definitely a must read book.! Wasn't really Sure at FIRST... What a beautiful story reminding us to dedicate every part of our lives to an increased purpose. ~Ebonie ? @simplicityhealthstyle A powerful story A powerful story detailing the trials and tribulations of a robust man. Truly an motivation and definitive proof that we can become and generate anything we set our hearts and will towards. What a beautiful tale reminding us to dedicate all of our . Amazing Book I have known Danny for a couple of years now and I must say this publication has left me with a fresh view on life.. My brother Angelo called me and asked me to buy this book and go through it to support one of is own brothers! God bless you in all of your new and continuing endeavors! The simple truth is I bought it the very next day and although I was hesitate I am happy I did! Looking towards seeing all the success you provide to yourself and success you help others bring to themselves later on! I've recently started training and working on an improved me for ME!!! Initially I stated yea after supper I'll buy it! Your mindset as well as your future.Many thanks Dany for sharing around the present of hope. so I knew I acquired to read it. -mybrotherskeeper
