. An incredible read that not only gives you facts about epilepsy but also offers you perspective from a mom who has and still is dealing with a kid who is suffering from this horrible disability. A practical first hand instructional guideline for those seeking to understand what your child is certainly going through and also tools for the parent. An awesome read that not merely gives you facts about epilepsy .Epilepsy awareness anyone?. This book is very personal and informative ! For any mother or father who ever wanted a crash training course in epilepsy awareness this reserve is for you. I feel this book is not only helpful to parents who've a child with epilepsy but anyone who deals with children every day, epilepsy isn't talked about enough and this book we can see first hands what it is, what to do,and choices to tackling this disability. Awesome informative easy to understand. This book can help other parents who have a new diagnosis of epilepsy or a member of family that's newly diagnosed. Five Stars Very Educational it's helps all parties included I loved it! Five Stars Very educational for individuals who are fresh to coping with a family member/loved one who has epilepsy.!!
